Conference Highlights

- Heart Diseases & Disorders
- Congestive heart failure:
- Angiology
- Vascular Heart Diseases and Disorders
- Device Therapy
- Diabetes and Vascular Complications
- Cardiac Vascular Nursing
- Cardiovascular Medicine
- Circulatory and lymphatic system
- Cardiovascular Surgery:
- Advances in Angiology Education
- Coronary & Peripheral Artery Disease
- Venous Disease
- Lymphatic diseases

Pulsus Group Conferences

300+ International Medical & Scientific Conferences, summits and events

Distinctive Features

- Attend and earn CE, CME & CPD credits.
- Learn about the latest developments in your field and aid your own growth.
- Meet your target audience & expand your B2B network.
- Get your research published in conference proceedings and renowned journals.
- Go live streaming on Youtube.
- Spread your knowledge. Conduct workshops, symposiums and exhibit your best products
- Call for Investors-Investors Meet

About Pulsus:

- PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.
- Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.
- Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. We want our conferences, societies, associations and the technology communities and companies who participate in them, to include, encourage, and recognize people of all races, ethnicities, genders, ages, and abilities. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Pulsus Group Journals (www.pulsus.com)

- **30 years excellence in Medical publishing**
- **50+ journals in association with 20+ International medical and scientific societies**
- **Peer review publishing for Associations, Societies and Universities in Highly Indexed Reputed Journals**
- **Summary proceedings, custom publications and electronic publications.**

Exhibition and Sponsorship

- **An Exhibition will be held simultaneously with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new developments in the field of Pediatrics**

Additional benefits as follows:

- **Free exhibition booth for your association.**
- **Honorable guests for your presidents.**
- **Logo advertisement in the conference proceedings.**
- **Data sharing for your association.**

Heart Diseases & Angiology

OCTOBER 16-17, 2017 | BUDAPEST, HUNGARY

Pulsus *Group takes pride in getting the endorsements of prestigious societies and medical research assosiations world wide.*

Market Analysis

The global cardiac medical devices market is estimated to grow to $65.6 billion by 2015. During 2009-2015, the market for such devices has grown at the compound annual growth rate of 9.8%. A report forecasts that the North America accounts for the highest share of the cardiac devices market at 40% and second is the Europe that claims about 30%. As per the estimation the Asia Pacific growth rate of 11.6% compared with CAGR of 9.8% globally, makes Asia Pacific as the fastest growing region for cardiac medical devices with the market expected to be grow by $17.9 billion by 2017.

Global vascular closure devices market is anticipated to reach USD 1.3 billion by 2024, according to a new report by Grand View Research, Increase Growing status of femoral artery cardiac catheterization and high success rate of vascular closure devices for improved patient relaxation and shortening of hemostasis time are potential factors for the predictable growth of vascular closure devices market over the calculation period

Prominent players in the cardiology market are Abbott Laboratories , Boston Scientific , B. Braun Melsungen AG (Germany), Cordis Corporation , C.R. Bard, Inc. , Medtronic Inc. , Terumo Corporation (Japan), and Volcano Corporation

About City

Budapest is an Alpha- global city, with strengths in the Previous Ottoman Islamic arts, design, commerce, education, entertainment, finance, fashion, finance, healthcare, media, services, research, and tourism. Its business district hosts the Budapest Stock Exchange and the headquarters of the largest national and international banks and companies. Budapest is a leading R&D and financial centre in Central and Eastern Europe and the city has a gross metropolitan product more than $100 billion in 2015, making it as one of the largest regional economies in the European Unification. It is the highest ranked Central and Eastern Europe city on Innovation Cities Top 100 index. Budapest attracts 4.4 million international tourists per year, making it the 25th most populous city in the world, the 6th in Europe, and is also known for its fashion, particularly the twice-yearly Budapest Fashion Week and Michelin stars restaurants.

Among Budapest's important museums and cultural institutions, the most visited art museum is the Museum of Fine Arts, as well as the Hungarian National Gallery, which is noted for one of the largest collections of all periods of European art and includes more than 100,000 pieces. The central area of the city along the Danube River is classified as a UNESCO World Heritage Site and has many notable monuments, including the Hungarian Parliament, Fisherman's Bastion, Buda Castle, Gresham Palace, Matthias Church, Széchenyi Chain Bridge, and the Liberty Statue. Further famous landmarks include Andrássy Avenue, the Great Market Hall, St. Stephen's Basilica, Heroes' Square, the Nyugati Railway Station built by the Eiffel Company of Paris in 1877 and the second-oldest metro line in the world, the Millennium Underground Railway.
