Day 1 June 24, 2019

Conference Hall: Appia

Introduction

Keynote

Title: A novel approach to improving antibiotic elution from PMMA: how the addition of lipid affects Gentamicin elution from bone cement

Daniel A. Cohen, Prince of Wales Hospital, Australia

Title: Does unicompartmental knee arthroplasty have worse outcomes in spontaneous osteonecrosis of the knee than in medial compartment osteoarthritis? a systematic review and meta-analysis

Chan Yoon, Seoul Bumin Hospital, South Korea

Title: Single stage total hip arthroplasty in adult patients with developmental hip dysplasia (crowe type III, IV)

Haytham Abdelazim, Ain Shams University, Egypt

Title: New concepts in medial release based on experience with varus tka's

Rashid Ganji, Sina Hospital, Iran

Networking and Refreshments Break @Foyer

Title: Assesment of micro architexture of bone and biomechanical properties of proximal femur for hip fractures risk : a pilot study

Rajendra Kumar Kanojia, Institute of Medical Education and Research, India

Title: Same sitiing bilateral hip replacement advantages and disadvantages in asian populations.

Rajendra Kumar Kanojia, Institute of Medical Education and Research, India

Title: The role of patient education in total knee arthroplasty: does it really matters? a brazilian study

Rodrigo Almeida dos Santos, College of Medicine of Barbacena, Brazil

Title: Histological effect of shock waves on the quadriceps musculature of wistar rats

Rodrigo Almeida dos Santos, College of Medicine of Barbacena, Brazil

Title: Alternative management of bone defect in primary total knee replacement

Muhammad Azhar, Hospital Sultanah Bahiyah, Malysia

Title: Total hip arthroplasty with cortical bone grafting for neck of femur fracture in fibrous dysplasia

Wei Khang Lim, Hospital Sultanah Bahiyah, Malysia

Title: Midterm results of cementless total knee arthroplasty: a retrospective case series

Radoslaw Stempin, J. Strus Memorial Multispecialistic Hospital, Poland

Title: The effect of point of care INR testing on delay to theatre in patients on warfarin with neck of femur fractures

Kendrick To, Addenbrooke's Hospital, United Kingdom

Title: Mid-term outcomes and evaluation following implantation with a recalled modular neck femoral stem

Daniel Li, Northwestern University, United States

Title: Medical law & ethics in india

Satish Goyal, Vivekanand Institute of Medical Sciences, India

Title: Attune total knee arthroplasty: is there evidence of early tibial component de-bonding? a prospective cohort study

Thomas Robinson, Leeds Teaching Hospitals, United Kingdom

Day 2 June 25, 2019

Title: Comparative study between clinical outcomes of patients with osteoarthritis of knee treated by intra-articular injections of platelet rich plasma and high molecular weight hyaluronic acid

Navneeth Kumar.G.K, Sparsh Hospital, India

Title: Midterm results of all poly vs metal backed cruciate sacrificing total knee arthroplasty – an indian experience

Navneeth Kumar.G.K, Sparsh Hospital, India

Title: Incidence and risk factors of acute kidney injury after total joint arthroplasty; a retrospective cohort study

Izziddine Vial, University of Manchester, United Kingdom

Title: Clinical application: the changing landscape in allografts

Jonathan Boyd, American Association of Tissue Banks, USA

Title: The onset of amnion: the growth and advancement of birth tissue transplantation and utilization

Jonathan Boyd, American Association of Tissue Banks, USA

Networking and Refreshments Break @Foyer

Title: Mid term outcome of modulr femoral cementless stem in complex primary & revision hip arthroplasty

Muhammad bilal shafiq, Liaquat National Hospital, Pakistan

Title: Open fracture ,evaluation and management Prospective and retrospective for 500 hundred case of gunshot and explosive injuries in Libyan civilian war from 2011 – 2018

Abdulwanis S. Mohammed, Benghazi University, Libya

Title: Evaluation of role of vitamin D in grip strength in post-menopausal women with fracture of distal end radius treated with closed reduction and per cutaneous k-wire fixation

Mohit Dua, PGIMS Rhotak, India

Title: Outcome of the influence of remplissage repair on shoulder range of motion after arthroscopic bankart repair

Mohit Dua, PGIMS Rohtak, India

Title: Biomechanical study of troclear design of patella in patelloplasty in TKR

Chaitanya Krishna, PGIMS Rohtak, India

Title: A simple intervention to increase VTE prophylaxis compliance in neck of femur fracture patients

Keshav Gupta, Sandwell and West Birmingham Hospitals NHS Trust, United Kingdom

Title: Early complications in cemented versus uncemented hip replacement

Shahzad Sadiq, Spire South Bank Hospital Worcester, United Kingdom

Title: Traumatic popliteal artery entrapment syndrome

Hyun Hee Choi, Hallym University, South Korea

Title: A rare complication after shoulder arthroplasty, radial nerve palsy: a case report

Kishan Simmadurai, Ampang Hospital, Malaysia

Title: Outcome of total hip replacement through lateral approach at sarkari karmachari hospital phenotype following experimental spinal cord injury

Tanvir Hasan Siddiquee, Sarkari Karmachari Hospital, Bangladesh

Award and Closing Ceremony

Please note that this is a tentative program
