ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

The orthopedic devices market has been experiencing significant growth, driven by factors such as the high incidence of orthopedic disorders, a growing aging population, and an increase in road accidents. The global market size is estimated at USD 69.7 billion in 2022, with a projected compound annual growth rate (CAGR) of 5.2% from 2023 to 2030. In this context, it is crucial to delve into the specific market dynamics and opportunities for orthopedic surgery and trauma care The rise in orthopedic medical devices can be attributed to increasing cases of degenerative bone disease, an aging population, and road accidents. These devices treat deformities, restore skeletal function, and stabilize body posture. Innovative technologies and diagnostic techniques have reduced the need for complex surgeries, while musculoskeletal conditions vary due to age, environment, race, and geography.

ABOUT VENUE

Zurich, Switzerland, is the biggest city and the capital, located in the western part of the country. Known for its beautiful landscapes, historic landmarks, and rich culture, Zurich is a lively and dynamic place. It's a hub for medical research and innovation, with top-notch research institutions, hospitals, and clinics. Getting around the city is easy with its excellent transportation system, including trams, buses, and bicycles.

Cultural Mix: Zurich is famous for its cultural diversity, with people from over 180 different countries. This mix of cultures is visible in the city's architecture, art, music, and food. While Swiss German is the main language, many people also speak English and other languages.

Weather: Zurich has a mild climate with cool summers and mild winters. Rain is spread throughout the year, with October being the rainiest month. Summer, with temperatures around 18-20°C (64-68°F), is the best time to explore the city, even though there might be some occasional rain.

City of Enjoyment: Zurich has something for everyone, from beautiful lakes and museums to historical sites and a vibrant nightlife. Must-visit places include Kunsthaus Zurich, the Swiss National Museum, the Old Town, and the lively Bahnhofstrasse shopping area. You can also take a boat cruise on Lake Zurich, explore the charming Lindenhof district, or experience the modern vibe of Zurich West.
