Joint conference on

World Conference on **Bacteriology and Infectious Diseases**

&

International Conference on **Advanced Microbiology and Research**

April 17-18, 2019 Amsterdam, Netherlands

Important dates

Abstract Submission Deadline	March 15, 2019
Registration Deadline	April 17, 2019

Last 15 speaker slots available…

Avail 20-25% discount on registrations…

Confirmed Presentations
Title: Bacteriophage therapy of acute and chronic infections Gopal Nath, Banaras Hindu university, India
Title: HCV Infection elimination in Egypt; public awareness is the clue Rania Zayed, Cairo University, Egypt
Title: American Trypanosomiasis and Chagas disease: Sexual transmission Antonio RL Teixeira, University of Brasília, Brazil
Title: Evaluation of gene xpert(*tb-pcr*) in the early detection of pulmonary *tb* in a tertiary care hospital in a developing country like India, a comparative study with microscopy & culture Smeet Kalita, Vydehi Institute of Medical Sciences & Research Centre, India
Title: Parasite-induced genetically driven autoimmune pathogenesis of Chagas disease Antonio RL Teixeira, University of Brasília, Brazil
Title: Phage therapy of *Staphylococcal chronic osteomyelitis* in rabbit model Gopal Nath, Banaras Hindu University, India
Title: Biophysical changes in plasma membrane affect Candida albicans' *Cdr1p* transporter and *H+-ATPase* Jakub Suchodolski, University of Wroclaw, Poland
Title: Transcription regulation of extracellular proteases by quorum sensing in *Vibrio parahaemolyticus* Osei-Adjei George, Accra Technical University, Ghana
Selected Abstracts
Title: Investigating the effect of *tobramycin* dry powder inhaler on the eradication of *Pseudomonas aeruginosa* biofilms Reham Aljalamdeh, United Kingdom
Title: Bioremediation of petroleum hydrocarbon using microbacteria Edidiong Atakpa, China
Title: Molecular epidemiology, drug sensitivity patterns and parasitic co-infections of mycobacterium tuberculosis in Amhara Regional State, Northeastern Ethiopia Fikru Gashaw, Addis Ababa University, Ethiopia
Title: Behavior of *Xanthomonas fragariae* Dw in an inorganic medium enriched with N, P, or K Tormal Djassinra, University of Ibn Tofail, Morocco
Title: Bloodstream bacterial pathogens and their antibiotic resistance patterns in hospitalised patients at the Yaounde University teaching hospital Baiye William Abange, Yaounde University Teaching Hospital, Cameroon
Title: The influence of *lipopeptide* surfactin on *Candida albicans* sensitivity towards antifungal agents Monika Niewiadomska, Poland
Title: Antimicrobial resistance pattern and attributable burden of *Pseudomonas aeruginosa* in hospitalized patients from level 1 trauma centre in India Aishwarya Govindaswamy, India
Title: A New class of antimicrobials; Aganocides-a new hope to antibiotic resistance and beyond Ramesh Gupta, Nagaland (central) University, India
Title: Phytochemical and antibacterial property of finger millet (Eleusine coracana) on some selected clinical bacteria Ogbeba Jeremiah, Federal Polytechnic Bauchi, Nigeria
Title: Development of a cell-based high-content/high-throughput compound microarray screen for *Klebsiella pneumoniae* Zandile P Mahlangu, South Africa
