Invitation

Pulsus conferences insist participants from all over the world clock in "**Annual Congress on Biomedical and Bio Instrumentation**" during **May 09-10, 2022** in **Prague, Czech Republic**. The theme of the conference this year is "**Revolutionary the future of healthcare through biomedical innovations**" which guarantees an outstanding science program supporting many esteemed speakers who are tormented by intuition.

Through providing access to ongoing training and networking opportunities, the conference aims to improve the practice of advancing the profession for the benefit of the people and the individual patients they represent.

Bioinstrumentation, often known as biomedical instrumentation, is a discipline of biomedical engineering concerned with the devices and mechanics used to test, diagnose, and treat biological systems.

Regards

Biomedical Congress 2022

Organizing Committee

Conference Highlights

- Biomedical
- Bioinstrumentation
- Biomedicine
- Biomaterials
- Biomechanics
- Rehabilitation Engineering
- Medical device
- Bioinformatics
- Bio photonics
- Biomedical Toxicology
- Surgical Technology
- Medical imaging technology and its application
- Common diagnostic imaging tests
- Biomedical Signal Processing and Medical Information
- Biomedical research
- Case studies in medicine
- Biopharmaceuticals
- Neurology and Neuroscience
- Neurophysiology
- Medical photography
- Biosensors
- Microbial biosensors
- Epidemiology
- Bionanomaterials
- Rehabilitation Advancement
- Molecular pathology
- Haematology
- Medical imaging in Clinical research

Agenda

Day-01- May 09, 2022

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Biomedical | Bioinstrumentation | Medical device | Bioinformatics | Bio photonics
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Biomedical Toxicology | Surgical Technology | Biomedical Signal Processing | Medical Information
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Biopharmaceuticals | Neurology and Neuroscience | Neurophysiology | Medical photography | Medical imaging technology and its application

Tentative

Day-02- May 10, 2022

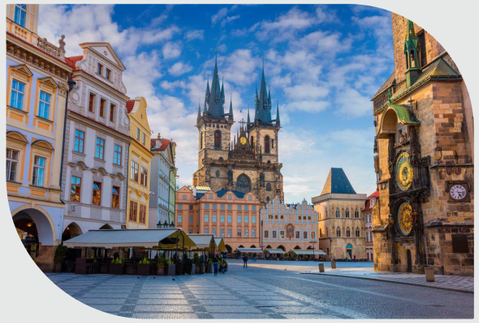

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Biosensors | Microbial biosensors | Epidemiology | Bionanomaterials
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Rehabilitation Advancement | Molecular pathology | Haematology | Medical imaging in Clinical research
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Biomedicine | Biomaterials | Biomechanics Rehabilitation Engineering
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Day Concludes	
Award Ceremony	

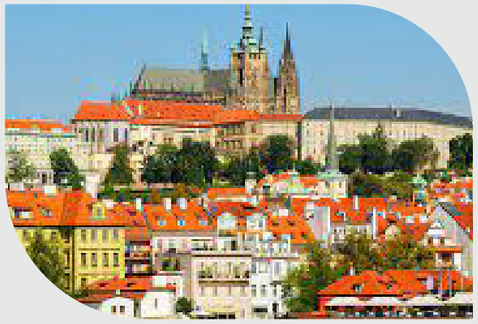

Tourist Attractions

Venue

Prague Czech (About this soundlisten); German: Prag, pronounced (About this soundlisten); Latin: Praga) is the capital and largest city in the Czech Republic, the 13th largest city in the European Union and the historical capital of Bohemia. Situated on the Vltava river, Prague is home to about 1.3 million people, while its metropolitan area is estimated to have a population of 2.7 million.

The city has a temperate oceanic climate, with relatively warm summers and chilly winters. Prague is a political, cultural, and economic centre of central Europe complete with a rich history. Founded during the Romanesque and flourishing by the Gothic, Renaissance and Baroque eras, Prague was the capital of the Kingdom of Bohemia and the main residence of several Holy Roman Emperors, most notably of Charles IV (r. 1346–1378). It was an important city to the Habsburg Monarchy and its Austro-Hungarian Empire. The city played major roles in the Bohemian and the Protestant Reformations, the Thirty Years' War and in 20th-century history as the capital of Czechoslovakia between the World Wars and the post-war Communist era. The city has more than ten major museums, along with numerous theatres, galleries, cinemas, and other historical exhibits. An extensive modern public transportation system connects the city. It is home to a wide range of public and private schools, including Charles University in Prague, the oldest university in Central Europe..
