Invitation

PULSUS
WWW.PULSUSCONFERENCE.COM

On behalf of Pulsus Group, we would wholeheartedly invite all the participants from all over the world to attend "World Congress on Biosensors and Bioelectronics" scheduled during September 09-10, 2020 in Toronto, Canada.

The Biosensors and Bioelectronics 2020 Conference examines new advances and latest technologies. The biosensors conference deals with the latest advances in biosensors such as security and sensing, photonic sensor technologies, biosensors for imaging and many others. It provides a unique platform for people engaged in their research work in this field. The conference captivates people from both the commercial and academic worlds and yet makes a connection with them and connects us with their recent achievements. We provide a good opportunity by admiring your updated research knowledge and also by publishing it in our journals. Congress eventually provides a good gathering of bright personalities to keep us updated in the new biosensors research.

Biosensors and Bioelectronics 2020 provide a unique opportunity for publishing innovative research on the development of alternative sustainable technologies. Biosensors can be used for analysing, for environmental observations and controls, agriculture, defence industry and food. Thus, they have an important role in everyday life. In this review, biosensor characteristics used for medical measurement and biosensor cations are presented according to various features found in the literature.

The forum of professors, students, scientists and researchers from all corners of the globe is gathering to discuss future science. Each session of the meeting is designed by experts including a variety of lectures such as keynote forums, oral presentations, plenary sessions, workshops young researcher forums, symposium and poster presentations. We are delighted to welcome you on behalf of the Organizing Committee to join us and interact with various topics and solutions related to biosensing technologies and their applications in other medical and scientific fields..

Regards
Biosensors and Bioelectronics 2020
Organizing Committee

Conference Highlights

- Biosensors
- Transducers in Biosensors
- Biosensors for Imaging
- Bioelectronics
- Bioinstrumentation and Equipments
- Biosensors in Nanotechnology
- Biosensors technologies
- Enzyme based Biosensors
- Types of Biosensors
- Environmental Biosensors
- Photonic sensor technologies
- Biosensors in Healthcare
- Implantable and Ingestible Biosensors
- Gas Sensors
- Biochips and Nucleic Acid Biosensors
- Bio MEMS/ NEMS
- Biosensors Applications
- Wearable Biosensors

PULSUS

About PULSUS

PULSUS
WWW.PULSUSCONFERENCE.COM

Pulsus Group is an internationally renowned peer-review publisher in scientific, technical, and medical journals established in the year 1984 with offices in Ontario, Canada and Hyderabad, India has acquired Andrew John Publishing and openaccessjournals.com to expand its Open Access Publishing through its 50+ journals in association with 20+ International medical and scientific societies.

Biosensors and Bioelectronics 2020 provide a unique opportunity for publishing innovative research on the development of alternative sustainable technologies. Biosensors can be used for analysing, for environmental observations and controls, agriculture, defence industry and food. Thus, they have an important role in everyday life. In this review, biosensor characteristics used for medical measurement and biosensor cations are presented according to various features found in the literature.

The conference captivates people from both the commercial and academic worlds and yet makes a connection with them and connects us with their recent achievements..

Market Analysis

The worldwide biosensors advertise was esteemed at $15.4 billion out of 2016 and is figure to develop at a noteworthy CAGR of 9.2% somewhere in the range of 2017 and 2024, coming full circle to worldwide income of $31.0 billion by 2024. Quick inventive movements joined with rising universality of direction of care diagnostics and expanded application areas in the field of therapeutic science are among fundamental contemplations driving the overall biosensors promote improvement over the gauge time allotment. Likewise, creating diabetic masses base joined with the mounting enthusiasm for financially savvy, extra, and simple to utilize devices are a part of the critical segments driving business segment advancement. After reaching the overall market size, the overall market was divided into a number of sectors and sub-constraints, which were then verified through preliminary research by conducting extensive interviews with key executives in the industry such as CEOs, CEOs, directors and executives. Market Distribution Procedures and Triangle data to complete the overall market engineering process and arrive at the exact statistics of all the various sectors and topics.

Scope: The research methodology used to estimate and predict the biological sensors market begins with obtaining key vendor revenue data through secondary research. Some of the secondary sources cited for this study include information from journals and various databases such as IEEE, Factiva, Hoovers and OneSource journals. Supplier bids were also taken into account for determining market segmentation. Graphene-based electrodes the non-enzymatic electrodes can efficiently detect glucose, cytochrome-c, NADH, hemoglobin, HRP and cholesterol, hydrogen peroxide, AA, UA, DA, respectively. Nano capsules are nanometric shells made of non-toxic polymer. These are vesicular systems composed of polymeric membrane covering the inner liquid core at the nanometer level. Nanocapsules have a wide variety of uses, including promising medical applications for drug delivery, food improvement, nutritional preparations, and self-healing substances...

Target audience

- Departmental Head & Chairs
- Investors ,Innovators
- Research Scholars
- Students
- Nobel laureates & MD/Presidents
- Biosensors Service Providers
- Professors
- Manufacturing Companies
- Ballast Water Treatment-Related Associations, Organizations, Forums
- Distributors, Resellers, and Traders
- Government Bodies
- Venture Capitalists
- Research Organizations
- Private Equity Firms
- Start-up Companies

Why to Attend???

This is the best opportunity to reach the largest assemblage of participants from the biosensors community. It provides a leading technical forum for reporting and learning on the latest research and development, as well as for launching new applications and technologies and the efficacy of various biological and biosensor regulatory programs. Make presentations, disseminate information, meet up-to-date and potential scientists and get name recognition at this two-day event..

Event at a Glance

September 09, 2020- Wednesday

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
	Group Photo
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Biosensors | Transducers in Biosensors | Biosensors for Imaging | Bioelectronics
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Bioinstrumentation and Equipments | Biosensors in Nanotechnology | Biosensors technologies | Enzyme based Biosensors
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Types of Biosensors | Environmental Biosensors
	Day Concludes

September 10, 2020- Thursday

08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Photonic sensor technologies | Biosensors in Healthcare
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Implantable and Ingestible Biosensors | Gas Sensors | Biochips and Nucleic Acid Biosensors
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Bio MEMS/ NEMS | Biosensors Applications | Wearable Biosensors
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
	Day Concludes
	Award Ceremony

Supporting Journals

Selected contributions will be published in following supporting international Journals:

Journal of Biomolecules and Biochemistry
Journal of Clinical genetics and Genomics
Journal of Nanoscience and Nanomedicine

PULSUS

About City and Venue

PULSUS
WWW.PULSUSCONFERENCE.COM

Toronto is located in southern Ontario on the northern shore of Lake Ontario and is the capital of the Canadian province of Ontario. It is Canada's largest city and the fourth largest city in North America. It is very well known for its warm hospitality and rich cultural heritage, and the Canadian people are welcoming and generous in their approach to visitors. With year-round sunshine, lakes and hills, a waterfront shoreline, fascinating heritage attractions, and a thriving business community, luxurious hotels and malls, Toronto receives millions of visitors and business leisure each year from around the world. Toronto offers a kaleidoscope of visitor attractions. Canada embraces a wide variety of scenery in a very small area...

Sponsorship

PULSUS
WWW.PULSUSCONFERENCE.COM

Why Sponsor Our Event?

- Maximum exposure at a premier conference devoted to those involved in the office professional industry.
- An opportunity to build and reinforce strategic relationships within the office professional industry.
- Time to network with industry colleagues and key decision makers.
- A cost effective way to reinforce your organization's brand and build brand awareness amongst a relevant audience.
- Access to a broad network of industry partners from state and federal Government departments and the private sector.
- Time to present latest innovations and new products or services to a pertinent audience, and showcase your expertise and capabilities.
- Increased marketing opportunities including visibility on the conference website and associated marketing materials

Diamond Sponsor: $10000

- Top billing logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Three corporate sponsored workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Four complimentary registrations.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

Gold Sponsor: $7500

- Logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Two corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Three complimentary congress registrations.
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

Silver Sponsor: $5000

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- Two complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

Bronze Sponsor: $3500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

Exhibition Sponsor: $2500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Half Page A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 25% discount on both Extra Delegate Registrations and Booth
