Theme: CURRENT CHALLENGES AND FUTURE PERSPECTIVES OF BIOTECHNOLOGY

11TH WORLD
BIOTECHNOLOGY CONGRESS

MARCH 13-15, 2023 | OSAKA, JAPAN

https://biotechnologycongress.pulsusconference.com/

INVITATION

BIOTECHNOLOGY 2023

The Pulsus conference is organizing the **11th World Biotechnology Congress** with the theme "**Current Challenges and Future Perspectives of Biotechnology"** on **March 13–15, 2023**, in **Osaka, Japan** to foster the sharing of new innovative ideas among academicians, industrialists, research scholars, and students.

The main goal of Biotechnology 2023 is to unite biotechnologists, industrial experts, doctors, professors, research scholars, young scientists, health-care professionals, students, and delegates in biotechnology fields across the globe to share their innovative research experiences and engage with fellowship. It also provides a great chance for aspiring scientists and developers to create international relationships and enrich their careers through an interactive session with eminent speakers.

The development of medications and therapies, nutritious substances, eco-sustainable substances, bioenergy, and novel functional materials is aided by understanding the principles of biotechnology.

Biotechnology 2023 will enlighten the audience on the aspects of various branches of biotechnology. It also gives an insight into the impacts, trends, challenges, and applications of biotechnology in various fields.

We are excited and are fairly sure this Biotechnology 2023 will be informative, and beneficial to everyone. We are confident that this conference will provide you with an incredible experience..

Regards
Elena William | Biotechnology 2023
Organizing Committee

CONFERENCE HIGHLIGHTS

- Biotechnology
- Plant Biotechnology
- Animal Biotechnology
- Food Biotechnology
- Medical Biotechnology
- Environmental Biotechnology
- Marine Biotechnology
- Industrial Biotechnology
- Molecular Biotechnology
- Concepts of Stem Cell Research
- Virology
- Bioprocess Technology
- Bioinformatics
- Nanobiotechnology
- Future Perspective of Biotechnology

35

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

Biotechnology is one of the fastest-growing sectors, integrating biology, engineering, and chemistry, and is seen as a major economic driver in many countries today.

The COVID-19 disease has impacted industrial activity all over the world. The investors have shown increasing interest in biotech companies, with well over USD 13 billion invested in biotech organizations by 2020 worldwide. Investing a lot in the biotech business has sped up the discovery of new medications, gene treatments, and vaccines in critical therapeutics.

The global market for biotechnology services will reach $151.10 billion by 2022 at a CAGR of 17.0%. The market share of biotechnology services in 2025 is estimated to reach $727.1 billion, whereas in 2026 it is anticipated to reach $267.29 billion with a CAGR of 15.3%. From 2021 to 2028, the biotechnology market size is predicted to grow at a CAGR of 15.83%. The biopharmaceutical sector is expected to increase at a 9.2% annual rate by 2027, attributed to the high global acceptance of biological products. As per Research, the biotechnology market would be worth around $683.52 billion in 2030, with a CAGR exceeding 8.7% from 2021 to 2030. In the future, the market will see increased demand.

TARGET AUDIENCE

- Biotechnologist
- Microbiologist
- Bacteriologist
- Cellular biologist
- Bioengineers
- Pathologist
- Medical Biotechnologist
- Marine Biotechnologist
- Immunologist
- Nano technologist

WHO SHOULD ATTEND

- Academic researcher
- Universities/ Training institute
- Biotechnology Scientist
- Clinical Scientist/ research associate
- Students
- Research lab scientists
- Professors
- Researchers and Scientist
- Food and Drug industry members
- Medical companies

WHY TO ATTEND

BIOTECHNOLOGY 2023 is an international platform for presenting research about diagnosis, prevention and management and exchanging ideas about it and thus, contributes to the dissemination of knowledge in Biotechnology for the benefit of both the academia and business. The Biotechnology organizing committee aims to bring together bright minds to give talks that are idea-focused and on a wide range of subjects, to foster learning, inspiration, and wonder-and provoke knowledge on challenges and future perspectives of biotechnology. The greatest platform for building strong collaborations and international relationships. This brings all the affable together under same canopy with contemporary progression.

WHY SPONSOR OUR EVENT?

Maximum exposure at a premier conference devoted to those involved in the office professional industry.

An opportunity to build and reinforce strategic relationships within the office professional industry.

Time to network with industry colleagues and key decision makers.

A cost effective way to reinforce your organization's brand and build brand awareness amongst a relevant audience.

Access to a broad network of industry partners from state and federal Government departments and the private sector.

Time to present latest innovations and new products or services to a pertinent audience, and showcase your expertise and capabilities.

Increased marketing opportunities including visibility on the conference website and associated marketing materials

DIAMOND SPONSOR
$10000

- Top billing logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Three corporate sponsored workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Four complimentary registrations.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

GOLD SPONSOR
$7500

- Logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Two corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Three complimentary congress registrations.
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

SILVER SPONSOR
$5000

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- Two complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

BRONZE SPONSOR
$3500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

EXHIBITION SPONSOR
$2500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Half Page A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 25% discount on both Extra Delegate Registrations and Booth

EDITORIAL BOARD MEMBERS

Abbas Amini
Australian College of ACK, Western Sydney University, Australia

Higo Nasser
Medical University Pleven, Pleven, Bulgaria

Dr. Ibtisam E. M. El Zubeir
University of Khartoum, Sudan

Dr. Palani Elumalai
University of Ulsan, Ulsan, South Korea

Dr. Tanveer Alam
University of Nizwa, Oman

Dr. Alireza Heidari
California South University, California, USA

Yuri Lyubchenko
University of Nebraska Medical Center, Omaha, NE

Moshe Narkis
Israel Institute of Technology, Israel

SUPPORTING JOURNALS

Selected contributions will be published in following supporting international Journals:

Journal of Biomolecules and Biochemistry

https://www.pulsus.com/journal-biomolecules-biochemistry.html

Journal of Microbiology and Biotechnology Reports

Osaka is a designated city in the Kansai region of Honshu in Japan. It is the capital of and most populous city in Osaka Prefecture, and the third most populous city in Japan, following Tokyo and Yokohama. With a population of 2.7 million in the 2020 census, it is also the largest component of the Keihanshin Metropolitan Area, which is the second-largest metropolitan area in Japan and the 10th largest urban area in the world with more than 19 million inhabitants. Osaka is an important textile centre of Japan and is known as the 'Manchester of Japan'. Osaka is a major financial center of Japan, and it is recognized as one of the most multicultural and cosmopolitan cities in Japan. The city is home to the Osaka Exchange as well as the headquarters of multinational electronics corporations such as Panasonic and Sharp. Osaka is an international center of research and development and is represented by several major universities.

Abstract submission opens: August 15, 2022 | **Registration opens:** August 15, 2022
Early bird registration: August, 2022 | **On spot registration:** March 13, 2022
