Theme: Perspectives and Emerging Research Outbreak in the Field of Biotechnology

12TH INTERNATIONAL CONFERENCE ON

BIOTECHNOLOGY

DECEMBER 14-16, 2023 | ROME, ITALY

https://biotechnologycongress.pulsusconference.com/

INVITATION

BIOTECHNOLOGY 2023

The Pulsus conference is organizing the "12th International Conference on Biotechnology" with the theme "**Perspectives and Emerging Research Outbreak in the Field of Biotechnology**" on **December 14-16, 2023**, in **Rome, Italy** to foster the sharing of new innovative ideas among academicians, industrialists, research scholars, and students.

The main goal of Biotechnology 2023 is to unite biotechnologists, industrial experts, doctors, professors, research scholars, young scientists, health-care professionals, students, and delegates in biotechnology fields across the globe to share their innovative research experiences and engage with fellowship. It also provides a great chance for aspiring scientists and developers to create international relationships and enrich their careers through an interactive session with eminent speakers.

The development of medications and therapies, nutritious substances, eco-sustainable substances, bioenergy, and novel functional materials is aided by understanding the principles of biotechnology.

Biotechnology 2023 will enlighten the audience on the aspects of various branches of biotechnology. It also gives an insight into the impacts, trends, challenges, and applications of biotechnology in various fields.

We are excited and are fairly sure this Biotechnology 2023 will be informative, and beneficial to everyone. We are confident that this conference will provide you with an incredible experience.

Regards

Hannah Lawson | Biotechnology 2023

Organizing Committee.

CONFERENCE HIGHLIGHTS

- Recent Trends in Biotechnology
- Plant Biotechnology
- Animal Biotechnology
- Food Biotechnology
- Marine Biotechnology
- Biomedical Engineering
- Environmental Biotechnology
- Industrial Biotechnology
- Molecular Biotechnology
- Concepts of Stem Cell Research
- Virology
- Microbiology
- Bioprocess Technology
- Bioinformatics
- Nanobiotechnology

35

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

During the forecast period from 2023 to 2028, The global biotechnology market was valued at $647.8 billion in 2023 and is projected to reach $1,648.3 billion by 2028, growing at a Compound Annual Growth Rate of 12.0%.

Based on current trends and projections, the biotechnology market is expected to continue growing over the next few years, driven by factors such as increasing demand for personalized medicine, the development of new technologies such as gene editing and synthetic biology, and the rising prevalence of chronic diseases.

The biopharmaceuticals segment is expected to remain the largest market segment, and North America is likely to continue to be the largest market for biotechnology. In the latest study, The COVID-19 pandemic has highlighted the importance of the biotechnology industry, as companies around the world race to develop vaccines, therapeutics, and diagnostic tools to combat the virus. Currently, Biotechnology companies are subject to stringent regulatory oversight, which can impact the development and approval of new drugs and therapies. Companies must navigate a complex and dynamic regulatory landscape, and there is ongoing debate around issues like drug pricing and intellectual property rights.

TARGET AUDIENCE

- Biotechnologist
- Microbiologist
- Bacteriologist
- Cellular biologist
- Bioengineers
- Pathologist
- Medical Biotechnologist
- Marine Biotechnologist
- Immunologist
- Nano technologist

WHO SHOULD ATTEND

- Academic researcher
- Universities/ Training institute
- Biotechnology Scientist
- Clinical Scientist/ research associate
- Students
- Research lab scientists
- Professors
- Researchers and Scientist
- Food and Drug industry members
- Medical companies

WHY TO ATTEND

BIOTECHNOLOGY 2023 is an international platform for presenting research about diagnosis, prevention and management and exchanging ideas about it and thus, contributes to the dissemination of knowledge in Biotechnology for the benefit of both the academia and business. The Biotechnology organizing committee aims to bring together bright minds to give talks that are idea-focused and on a wide range of subjects, to foster learning, inspiration, and wonder-and provoke knowledge on challenges and future perspectives of biotechnology. The greatest platform for building strong collaborations and international relationships. This brings all the affable together under same canopy with contemporary progression.

WHY SPONSOR OUR EVENT?

Maximum exposure at a premier conference devoted to those involved in the office professional industry.

An opportunity to build and reinforce strategic relationships within the office professional industry.

Time to network with industry colleagues and key decision makers.

A cost effective way to reinforce your organization's brand and build brand awareness amongst a relevant audience.

Access to a broad network of industry partners from state and federal Government departments and the private sector.

Time to present latest innovations and new products or services to a pertinent audience, and showcase your expertise and capabilities.

Increased marketing opportunities including visibility on the conference website and associated marketing materials

DIAMOND SPONSOR
$10000

- Top billing logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Three corporate sponsored workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Four complimentary registrations.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

GOLD SPONSOR
$7500

- Logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Two corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Three complimentary congress registrations.
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

SILVER SPONSOR
$5000

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- Two complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

BRONZE SPONSOR
$3500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

EXHIBITION SPONSOR
$2500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Half Page A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 25% discount on both Extra Delegate Registrations and Booth

EDITORIAL BOARD MEMBERS

Abbas Amini
Australian College of ACK, Western Sydney University, Australia

Higo Nasser
Medical University Pleven, Pleven, Bulgaria

Dr. Ibtisam E. M. El Zubeir
University of Khartoum, Sudan

Dr. Palani Elumalai
University of Ulsan, Ulsan, South Korea

Dr. Tanveer Alam
University of Nizwa, Oman

Dr. Alireza Heidari
California South University, California, USA

Yuri Lyubchenko
University of Nebraska Medical Center, Omaha, NE

Moshe Narkis
Israel Institute of Technology, Israel

SUPPORTING JOURNALS

Selected contributions will be published in following supporting international Journals:

Journal of Biomolecules and Biochemistry

https://www.pulsus.com/journal-biomolecules-biochemistry.html

Journal of Microbiology and Biotechnology Reports

https://www.pulsus.com/journal-microbiology-biotechnology-reports.html

Journal of Animal Genetics Research

E-poster

Rome is the capital city of Italy and one of the most historically and culturally significant cities in the world. It is located in central Italy and has a population of around 2.8 million people, making it the fourth most populous city in the European Union.

Rome was founded in 753 BC and has a long and storied history, including being the capital of the Roman Empire and the center of Catholicism as the seat of the Vatican City. The city is home to many iconic landmarks, including the Colosseum, the Pantheon, the Roman Forum, the Trevi Fountain, and the Spanish Steps.

Rome is known for its rich art, culture, and cuisine, with specialties such as pizza, pasta, and gelato being popular worldwide. The city also boasts numerous museums and galleries, including the Vatican Museums, which hold some of the world's most famous works of art, such as the Sistine Chapel.

Today, Rome is a thriving city with a diverse population, a vibrant economy, and a rich cultural heritage that attracts millions of tourists each year.

Abstract submission opens: April 20, 2023 | **Registration opens:** April 20, 2023
Early bird registration: May 31, 2023 | **On spot registration:** December 14, 2023
