"Theme: Exploring Sustainable Solutions and Breakthrough Innovations in Biotechnology"

13th INTERNATIONAL CONFERENCE ON

BIOTECHNOLOGY

JUNE 27-28, 2024 | LONDON, UK

https://biotechnologycongress.pulsusconference.com/

INVITATION

BIOTECHNOLOGY 2024

The Pulsus conference is organizing the "13th International Conference on Biotechnology" with the theme "Exploring Sustainable Solutions and Breakthrough Innovations in Biotechnology" on June 27-28, 2024, in London, UK to foster the sharing of new innovative ideas among academicians, industrialists, research scholars, and students.

The main goal of Biotechnology 2024 is to unite biotechnologists, industrial experts, doctors, professors, research scholars, young scientists, health-care professionals, students, and delegates in biotechnology fields across the globe to share their innovative research experiences and engage with fellowship. It also provides a great chance for aspiring scientists and developers to create international relationships and enrich their careers through an interactive session with eminent speakers. The development of medications and therapies, nutritious substances, eco-sustainable substances, bioenergy, and novel functional materials is aided by understanding the principles of biotechnology.

Biotechnology 2024 will enlighten the audience on the aspects of various branches of biotechnology. It also gives an insight into the impacts, trends, challenges, and applications of biotechnology in various fields. We are excited and are fairly sure this Biotechnology 2024 will be informative, and beneficial to everyone. We are confident that this conference will provide you with an incredible experience.

Regards,
Hannah Lawson | Biotechnology 2024

35
Years Excellence

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientistsand researchers to exchange ideas and research by creating a forum for discussing the possibilities offuture collaborations between universities, institutions, research bodies and organizations from differentcountries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer establishedin the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standardsin research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

During the forecast period from 2024 to 2028, the Biotechnology market is projected to grow by CAGR of 26.7%. According to a report by MarketsandMarkets, the global biotechnology market is expected to reach USD 134.6 billion by 2027, growing at a CAGR of 19.2% from 2024 to 2026. The growth of the market is attributed to increasing investments in research and development activities, increasing government support, and rising demand for biotechnology-based products in various industries.

In the latest study of the market analysis, the biotechnology sectors are expected to dominate the market during the forecast period, driven by the increasing demand for biotechnology-based products such as pharmaceuticals, Nano-based products.

TARGET AUDIENCE

- Chief Executive Officers (CEOs)
- Heads/Directors
- Vice Presidents
- Scientists
- Research Lab Scientists
- Faculty and Students
- Young Scientists and Researchers
- Research Scholars
- Members of Associations and Societies
- Biotechnologists
- Microbiologists
- Business and Industrial Experts

WHO SHOULD ATTEND

- Media Partners / Collaborators
- Industrial Professionals
- Pharmaceutical Companies
- Medical Device Companies
- Biotechnology Research Institutes
- Nanomedicine Research Institutes
- Nanobiotechnology Companies
- Biotechnology Manufacturing Companies

WHY TO ATTEND

Biotechnology 2024 is an international platform for presenting research about development, diagnosis, prevention andmanagement and exchanging ideas about it and thus, contributes to the dissemination of knowledge in Biotechnologyfor the benefit of both the academia and business.

The organizing committee of this Biotechnology conference is gearing up for an exciting and informative conference program including plenary lectures, symposia, workshops on a variety of topics, poster presentations and various programs for participants from all over the world.
