About

PULSUS brings in a new turn on conferences by presenting the latest scientific improvements in the field of biotechnology. PULSUS Conferences is glad to invite all the participants across the globe to attend 5th World Biotechnology Congress Scheduled between April 15-16, 2020 in Dubai, **UAE**.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Biotechnology from around the world to participate in the upcoming Biotechnology 2020. The meeting for this year will revolve around the theme **"Emphasizing the Advancements and Applications of Biotechnology for Future"** thus relaying the most cutting-edge findings in the field of Biotechnology Research. The two-day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts

Conference Highlights

- Track 1: Chloroplast Biotechnology
- Track 2: Industrial Biotechnology
- Track 3: Pharmaceutical Biotechnology
- Track 4: Nano Biotechnology
- Track 5: Marine Biotechnology
- Track 6: Bioinformatics
- Track 7: Medical Biotechnology
- Track 8: Food and Nutrition Biotechnology
- Track 9: Agricultural and Soil Microbiology
- Track 10: Biochemistry
- Track 11: Molecular Modelling and Drug Designing
- Track 12: Genetic Engineering
- Track 13: Synthetic Biotechnology
- Track 14: Reproductive Biotechnology
- Track 15: Animal Biotechnology
- Track 16: Stem Cell Biotechnology
- Track 17: Advances on Polymer Biotechnology
- Track 18: Forest Genomics and Biotechnology
- Track 19: DNA Polymerases in Biotechnology
- Track 20: Microalgae Biology and Biotechnology
- Track 21: Recent Advances of Epigenetics in Crop Biotechnology
- Track 22: Cellular Agriculture: Biotechnology for Sustainable Food
- Track 23: New and Emerging Trends of Biotechnology in Bioremediation
- Track 24: Applications of Biotechnology in Waste Management

Agenda

Day 01: 15 April 2020

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Chloroplast Biotechnology | Industrial Biotechnology | Pharmaceutical Biotechnology | Nano Biotechnology
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Marine Biotechnology | Bioinformatics | Medical Biotechnology| Food and Nutrition Biotechnology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Agricultural and Soil Microbiology | Biochemistry | Molecular Modelling and Drug Designing | Genetic Engineering
Day Concludes	

Tentative

Day 02: 16 April 2020

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Synthetic Biotechnology | Reproductive Biotechnology | Animal Biotechnology | Stem Cell Biotechnology
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Advances on Polymer Biotechnology | Forest Genomics and Biotechnology | DNA Polymerases in Biotechnology | Microalgae Biology and Biotechnology
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Recent Advances of Epigenetics in Crop Biotechnology | Cellular Agriculture: Biotechnology for Sustainable Food | New and Emerging Trends of Biotechnology in Bioremediation Applications of Biotechnology in Waste Management
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Day Concludes	
Award Ceremony	
Conference Concludes	

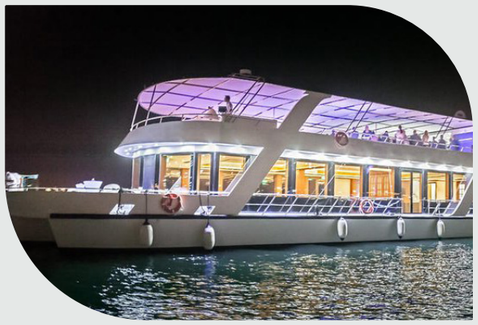

Tourist Attractions

Venue

Dubai got ranked as the world's 1st most visited city by international tourists that have visited Dubai according to the recently released list and survey of Euro monitor in 2018.

Dubai has attracted world attention through large construction projects and sports events, in particular the world's tallest building, the Burj Khalifa.

Over the last decade, Dubai has seen strong growth within the tourism sector through the addition of new attractions and landmarks.

Dubai attracted 13.2 million visitors in 2014, the majority of which come from neighboring Arab countries. Visitors from all parts of the world are also common.

According to Dubai Tourism Board, in 2017, there were 15.79 millions tourist visiting Dubai.

It is estimated that there will be 20 million visitors in 2020.
