10TH INTERNATIONAL WEBINAR ON

BIOTECHNOLOGY RESEARCH

DECEMBER 07-08, 2022 | DUBAI, UAE

https://biotechnology.pulsusconference.com/

INVITATION

BIOTECHNOLOGY CONGRESS 2022

Biotechnology congress 2022 like to engage and bringing together a significant number of distinguished academics and industry in an interdisciplinary platform to provide the comprehensive overview of current research and discoveries together you will explore the challenges and opportunities in converting research towards commercialization in the field-Biotechnology.

This premium interdisciplinary conference bring together Academic Researchers, Professionals, Delegates, Entrepreneurs and Industrialists from around the world to share and exchange all the latest updates, advancements in the aspects of Biotechnology. The planning committee has organized a comprehensive scientific and educational program as a part of whole Keynote Lectures, Young Research Forum Lectures, educational workshops, scientific symposia, video presentations, E-poster presentations. This conference will help to widen the knowledge regarding emerging biotechnology. It's now or never to take advantage of the opportunity to encourage your Research publication by attending the congress. We are prophesy anticipate your progress and untiring adherence to make sure Biotechnology Congress 2022 a success. The conference officially welcomes the dynamic scholars, academicians, specialists, and student delegates and appreciates your presence, with a greater emphasis on the critical advancement of progressions and innovative solutions via the most cutting-edge technologies and Practices in biotechnology based research.

We are extremely delighted to welcome you to the Biotechnology Congress 2022.

Regards
Rebecca Forbes | BIOTECHNOLOGY CONGRESS 2022
Organizing Committee

CONFERENCE HIGHLIGHTS

- Trends in Biotechnology
- Genomics and Proteomics
- Cell and Molecular Biotechnology
- Genetic Engineering
- Biotechnology in Tissue Engineering
- Microbial Biotechnology
- Protein Engineering
- Environmental and Agricultural Biotechnology
- Biotechnology in Food Processing
- Enzyme Technology
- Algal Biotechnology
- Pharmaceutical Biotechnology
- Fermentation Technology
- Biotech Products and Drug Design
- Biomedical Engineering and Instrumentation
- Structural Bioinformatics
- Cancer Biology
- Nanobiotechnology
- Stem Cell Research

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

Biotechnology is a multidisciplinary, cutting-edge field that involves the use of living organisms or derivatives to alter or improve the quality for the production of healthcare products and medicines.

Biotechnology was formerly a little-known field. It is not a common professional option, and many of us are unaware of its importance in our lives. With the passage of time, not only has public knowledge of biotechnology grown, but it has also evolved as a potential career choice for many individuals. During COVID-19 phase the need for new treatments and vaccines is being met only by the biotechnology industry. Biotechnology is without a doubt the strongest job option for the foreseeable future.

With the rising number of devastating diseases and epidemics, Biotechnology will become a survivability strategy in the upcoming years. Biotechnology has a significant impact on and contributes to economic growth.

The world biotechnology market is estimated to increase at a CAGR of 17.0 % from USD 129.14 billion in 2021 to USD 151.10 billion in 2022. With a CAGR of 15.3%, the biotech market is anticipated to reach USD 267.29 billion by 2026. By 2028.

Biotechnology companies increase the scope and depth of the research, improves production efficiency, bring new and innovative products to market faster.

TARGET AUDIENCE

- Biotechnologist
- Microbiologist
- Cellular biologist
- Bacteriologist
- Food biotechnologist
- Genetic engineers
- Oncologist
- Nano technologist
- Immunologist
- Pathologist

WHO SHOULD ATTEND

- Academic researcher
- Universities/ Training institute
- Biotechnology Scientist/ Student
- Clinical Scientist/ research associate
- Pharmacologist
- Professors/Students
- Industrial Experts
- Health Care Industries
- Pharmaceuticals and biotechnology companies
- Entrepreneurs

WHY TO ATTEND

BIOTECHNOLOGY CONGRESS 2022 is an international platform for presenting research about diagnosis, prevention and management and exchanging ideas about it and thus, contributes to the dissemination of knowledge in Biotechnology for the benefit of both the academia and business. The Biotechnology organizing committee aims to bring eminent speakers and link the researchers and scientists from all around the globe. We come up with the forum for equity sharing of the ideas furthermore, the potential for educators to think in several dimensions which encourage narrative ideas that is essential for the study and understanding of all life on this planet. This brings all the affable together under same canopy with contemporary progression.

WHY SPONSOR OUR EVENT?

Maximum exposure at a premier conference devoted to those involved in the office professional industry.

An opportunity to build and reinforce strategic relationships within the office professional industry.

Time to network with industry colleagues and key decision makers.

A cost effective way to reinforce your organization's brand and build brand awareness amongst a relevant audience.

Access to a broad network of industry partners from state and federal Government departments and the private sector.

Time to present latest innovations and new products or services to a pertinent audience, and showcase your expertise and capabilities.

Increased marketing opportunities including visibility on the conference website and associated marketing materials

DIAMOND SPONSOR $10000

- Top billing logo recognition (Chamber website, event website, invitation/publicity, event signage)

ABOUT VENUE

The Emirate of Dubai is the second largest of the seven United Arab Emirates but has the largest population. Dubai's cityscape is always transient and ever-changing with its constant urge to construct bigger and better than before. If there was a Palm Island, Nakheel thought of the World Island. Burj Al Arab was eclipsed when Burj Khalifa cropped up. Size has been synonymous with Dubai as it continues to push the boundaries of construction. Dubai has been building the first, largest and biggest structures in the world over the past few decades. Dubai's cityscape is always transient and ever-changing with its constant urge to construct bigger and better attractions than before. Dubai constantly competes with itself, trying to magnetize tourists to a dream-like world of attractions. Dubai has emerged as a cosmopolitan metropolis that has grown steadily to become a global melting pot as well as a business and cultural hub. A first-time visitor to Dubai might get overwhelmed with the exciting attractions, activities, shopping and nightlife.
