Future Shape of Neurology: Accessions, Organizations & Research

- Conference Dedicated to Innovate Solution to the Public Health Challenges
- Your single Destination to reach Largest Assemblage of participants from
- Neurology and Psychiatry Community
- Opportunity beyond any Comparison to Attend & Network
- Experience the Global Ambiance with Researchers with Similar Significance
- Make New Associations and Fostering Potential Partnerships
- Learning & Knowledge in a Single Package

Brain Disorders conference 2021

Speakers Representation from 50+ Countries

1 Conference | 2 Days

15 Keynote Talks | 75 Plenary Speakers | 17 Interactive sessions

Symposia | Workshops | Best Poster Award

200 Attendees | 50 Professors | and many more . . .

Greetings!

Welcome to most exciting and fascinating London, UK!

Within this splendid setting, we plan to deliver a conference that will exceed your expectations. During this year's Conference, we hope that you will seize the opportunity to rekindle ongoing connections and spark new ones with your colleagues from around the globe. It's with great pleasure and great honor to invite you to the **"5th Annual Conference on Brain Disorders, Neurology and Therapeutics"** scheduled during **March 08-09, 2021** at **London, UK**.

The Conference will be organized around the theme **"*Scientific insights of Brain Disorders and Neurology Research*"**.

Brain Disorders Conference 2021 anticipates more than 500 participants around the globe to experience thought provoking Keynote lectures, Oral & Poster presentations. This year conference will offer ample opportunities for all stakeholders working on Neurology to expose their research work. Our conference aims to gather the Researchers, Principal investigators, Experts and Researchers working on Neurology and Psychiatry from both academia and health care industry, Business Delegates, Scientists and Students across the globe to provide an international forum for the dissemination of original research results, new ideas and practical development experiences.

This year's Conference program, coupled with the Business Opportunity Exchange, is an event you can't afford to miss!.

Sincerely

Rebecca Mitchell

Program Manager | Brain Disorders 2021

Organizing Committee

WELCOME MESSAGE

Join along with us for Brain Disorders 2021, where the Global Investigators, Clinicians and care suppliers assemble to share the most recent findings and results, speculations and disclosures that will bring the world nearer to achievements in Neurology and Psychiatry Research.

Brain Disorder, including Neurology and Psychiatry illness, is one of the greatest worldwide public health challenges confronting our era.

The Organizing Committee of Brain Disorder is sorted out for every year, Brain Disorder and incorporates exceptionally prominent universal specialists in a variety of topic areas who are focused on building up the most important and inventive subject and agenda for this year's meeting. In particular, the Organizing board decides the welcomed talks and finalizes the Oral & Poster sessions towards the conference.

Brain Disorders 2021 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Monday, March 08, 2021

Awards Banquet and Closing Ceremony

Purpose

With members from around the world focused on learning about Neurology, this is your single best opportunity to reach the largest assemblage of participants from the scientific community.

Conduct demonstrations, distribute information, meet with eminent personalities, and make a splash with latest research innovations at this outstanding event.

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.
- The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Neurology and Psychiatry to present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address Brain Disorder diseases and Neurology problems and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Neurology and Psychiatry
- Discuss and apply recent research findings related to Neurology and Psychiatry
- Disseminate the diverse voices of breakthrough innovators with visionary and practical solutions

Who should attend?

Neurology Conferences provide an International platform for sharing information and ideas and keeps on updating about the latest innovations and advancements in Neurology education. Opportunity to attend the presentations; delivered by Proficient Scientists from all over the world. This Brain Disorders conference gathers the world's best Associations & Foundations, Directors, Physicians, Doctors, Surgeons, R&D Heads from Industries, Industrial Leaders and Business Professionals to share their enormous knowledge to explain the greatest complications in the field of Neurology and Psychiatry.

Diverse Action-Oriented Programming & Networking

EXPERIENCE: Inspiring change around the country and world, growing a revolution from the heart of Neurology and Psychiatry research.

EXPLORE the forefront of breakthrough ideas and models in electrifying morning keynote talks, featuring luminaries and “the greatest people you’ve never heard of.”

PARTICIPATE in afternoon panels and workshops/symposiums on diverse topics of Neurology, Mental disorder / Mental illness, Brain Injury and Rehabilitation and more!

NETWORK with a community of leadership – dynamic change makers from around the country and world, or from your region, to develop important professional and personal relationships.

SHARE your insights and learning at the conference in participatory and experiential workshops.

DISCOVER powerful opportunities and strategies for creating and engaging with progressive change in your work, life and community.

CELEBRATE how great a difference one person can make, and how building community amplifies that change.

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

Scientific Sessions

- Brain disorder & Treatment
- Brain Injury and Rehabilitation
- Neurology
- Neurological Disorders & Stroke
- Cognitive Neuropsychiatry
- Addiction & Brain
- Neurodegeneration & Aging Disorders
- Neuro-oncology & Brain Tumors
- Neurosurgery
- Brain Complications
- Animal models in Research
- Behavioral Addiction & Alcoholism
- Psychology & Neuroscience
- Neuropsychology & Behavioral Sciences
- Mental disorder / Mental illness
- Computational Neuroscience
- Case Report
- Stem Cell Therapies
- Stroke & Dementia

Brain Disorders conference focuses on a wide cluster of scatters and fixes of brain Injuries and connecting neurons. Neurological disorders and Brain Injury are two of the greatest threads to general wellbeing. As per the most recent study by WHO, it is revealed that Neurological Disorders including Stroke, Alzheimer and Dementia, Epilepsy and a greater number of records for over 12% of deaths worldwide on a normal and it is also predicted that the number of disability-adjusted life years vanished due to Neurological disorders are expected to accelerate from 95 million globally in 2015 to 103 million by 2030. Moreover, the overall expense of neurological squeal solitary estimated in 2010 was US\$ 2.5 trillion and it is expected that the worth will spike to over US\$ 6 trillion by.

Target Audience

Neurologists and Nurses

- Doctors
- Neurosurgeon
- Neurology universities
- Healthcare Analysts
- Scientists and professors
- Medical Colleges
- Research faculty
- Academic Scientists
- Private Practitioners
- Therapy Advisors
- Students
- Diagnostic laboratory professionals
- Business Entrepreneurs
- Industry professionals
- Directors/Managers/CEO's
- Presidents & Vice Presidents
- Brand Manufacturers/ Marketers of Consumer Products
- Marketing, Advertising and Promotion Agency Executives

Paris, France's capital city, it is called as a main European city and a international London is the capital and biggest city of England and of the United Kingdom, remaining on the River Thames in the south-east of England, at the leader of its 50-mile (80 km) estuary prompting the North Sea, London is viewed as one of the world's most significant worldwide urban areas and has been named the world's generally persuasive, most speculation friendly, most visited, generally costly, feasible, and generally well known for work city. London has a different scope of individuals and societies, and in excess of 300 languages are spoken in the area. London has four great Heritage Sites to view: the Tower of London, Westminster Abbey, Kew Gardens; the site comprising the Palace of Westminster, and St Margaret's Church; and the historic settlement in Greenwich. Other landmarks include Buckingham Palace and the Changing of the Guard, The Tower of London and Tower Bridge, The British Museum, Big Ben and Parliament, National Gallery, The Victoria and Albert Museum, Trafalgar Square and The Shard, St Paul's Cathedral and many more. Present day London has the equable atmosphere of South East England, with gentle winters and calm summers. Measurements show that the sun sparkles quickly, on five days out of six. London is one of the main traveller goals and in 2015 was positioned as the most visited city on the planet with more than 65 million visits. The travel industry is one of London's prime businesses, utilizing 350,000 all day laborers, and the city represents 54% of all inbound guest spending in the UK.

Few Tourist Spots:

- Buckingham Palace
- The Tower of London
- The British Museum
- Big Ben and Parliament
- National Gallery
- The Victoria and Albert Museum
- Piccadilly Circus and Trafalgar Square
- The Shard
- The London Eye
- Kew Gardens
- Hampton Court Palace

City Attractions

Accompany Partners' Policy:

We respectfully remind you that partners accompanying Delegates/Speakers are not eligible to attend conference sessions and do not qualify for refreshments and lunches during the day unless they have registered.

Any partner wishing to attend events not previously selected and paid for in his or her registration may do so at the Conference Registration desk.

We would be pleased to accommodate any requests where possible.

Registration and Accommodation

Policy:

Registration and accommodation changes will not be accepted unless made in writing.

Changes made within 14 days of the event may incur costs due to specific hotel and venue policies

Cancellation Policy:

Registration cancellations will not be accepted unless made in writing.

Cancellations request made before January 01, 2021 will be refunded less 50% of the Conference Registration fee, to cover administration costs.

No registration refunds will be processed after this date, however, substitute delegates are welcome.
