9TH ANNUAL CONFERENCE ON

BRAIN DISORDERS, NEUROLOGY AND THERAPEUTICS

APRIL 18-19, 2024 | MADRID, SPAIN

https://braindisorders.pulsusconference.com/

INVITATION

BRAIN DISORDERS 2024

International Conference on Brain Disorders and Neurology is a remarkable conference put on by an academic group with the goal of advancing the knowledge, implementation, documentation, and awareness of Brain Disorders in worldwide. The organizing committee designed engaging seminars, symposiums, exhibitions, and workshops to accomplish these objectives. This will be covered in the Yearbook of Brain Disorder and released in our Journal as a Special Issue.

The Conference, which will bring together researchers from academic institutions and industry and encourage professional interactions between people, will offer an opportunity for the presentation of updated results related to both theoretical and applied research in the field of brain research and therapies etc. A two-day virtual event on the most important and recent arguments about the relationship between professionals and the world was also included in the conference.

Last year, Brain Disorder 2022 was organized in the Virtual mode. It created a great impact among our healthcare professionals. Likewise, we plan to organize this series as a great event with the help of academic speakers, professors, researchers, PhD students and industrial people.

We are looking forward to presenting new and intriguing results alongside excellent professionals from all around the world at this event, which will be a magnificent conference on Brain Disorders from December 07 to December 09, 2023, in a wonderful venue like Dubai, UAE.

Regards
Ruby Dylan | Program Manager
