Dublin, capital of the Republic of Ireland, is in the province of Lienster at the mouth of River Liffey bordered by Wicklow Mountains. It is also the capital of The Craic, the art of life. The city is steeped in rich history, starting with the Vikings laying its first streets. Through the centuries, The Craic and an unruly artistic streak have helped shape Dublin into what it is now: A vibrant capital that moves at an easy going pace.range of people and culture. More than 300 languages are spoken in London. London is said to be the best city for the people to attend the conference
