Day Concludes	

Tourist Attractions

Venue

Edinburgh is Scotland's compact, hilly capital. It has a medieval Old Town and elegant Georgian New Town with gardens and neoclassical buildings. Looming over the city is Edinburgh Castle, home to Scotland's crown jewels and the Stone of Destiny, used in the coronation of Scottish rulers. Arthur's Seat is an imposing peak in Holyrood Park with sweeping views, and Calton Hill is topped with monuments and memorials.

The Cancer Research UK Edinburgh Centre brings together cancer scientists and clinicians from across the University of Edinburgh, delivering outstanding cancer research and improved patient care. The University of Edinburgh, founded in 1582 and now one of four in the city, is placed 18th in the QS World University Rankings for 2019. The city is also famous for the Edinburgh International Festival and the Fringe, the latter being the world's largest annual international arts festival.
