4th World Congress on Breast Cancer & Womens Health

About Conference :

July 01-02, 2020
Paris | France

With the great pleasure Pulsus Conferences has been successfully completed the two series of Breast Cancer Congress with the enthusiastic support from our keynote's speakers, Organizing Committee, Speakers and delegates from different region and country

Breast Cancer Congress 2020 is comprised of many interactive scientific sessions on Breast Cancer as well as various diagnostic and therapeutic advancements in this field. It is an initiative to unite the diverse research and business communities working in this field under one roof to explore every single aspect of Breast Cancer and Womens Health

Breast Cancer Congress 2020 will provide an excellent opportunity for the budding scientists and young researchers through its special initiatives like Young Researcher Forum, Poster Presentation, B2B and Scientific Meetings.
