30 YEARS OF EXCELLENCE IN MEDICAL PUBLISHING

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Toronto is all set for an amazing event as PULSUS proudly presents the "24th Global Meet on Cancer Research and Oncology slated on September 14-15, 2018 at Toronto, Canada.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Cancer from around the world to participate in the upcoming Cancer 2018. The meeting for this year will revolve around the theme "Breaching Frontiers in Cancer Research and Oncology" thus relaying the most cutting edge findings in the field of Cancer Research. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards
Cancer 2018
Organizing Committee

Conference Highlights

- Cancer Biology
- Cancer Diagnosis
- Translational Oncology
- Organ Specific Cancers
- Cancer Immunology
- Cancer Nursing
- Cancer Pharmacology
- Biomarkers in Cancer Research
- Cancer Genomics and Epigenetics
- Drug Development in Cancer Research
- Alternative Medicine in Cancer Research
- Cancer Epidemiology
- Innovations in Cancer Research and Oncology
- Radiation Oncology
- Robotic Oncology
- Surgical Oncology
- Clinical Trials in Cancer Research
- Cancer: Lifestyle and Nutrition
- Cancer Medical Case Reports
- Cancer Management, Treatment and Prevention

About PULSUS

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Market Analysis

Cancer Research is branch of Science that deals with research topics related to tumors, to identify the cause for their appearance and to develop counter molecules for them. Cancer Research has evolved in a great extension which now includes the subjects of Genetics, Bioinformatics and Nanotechnology etc…

Cancer Research involves many interdisciplinary research areas. Researchers working on Cancer Research are often trained in all these areas.

Oncology is a branch of Medicines in which topics related to the prevention, Diagnosis and Cure for the Cancer are dealt.

Cancer, being a major reason for untimely deaths worldwide, has made this branch of Medicine to be taken seriously.

Target Audience

- Academicians
- Researchers
- Oncologists
- Medical Practitioners
- Translational Researchers
- Business Delegates
- Pharma Firms involved in Cancer Research
- Students keen on Cancer Research

Who should attend?

- Oncologists, Radiologists
- Chemotherapists
- Physicians
- Academicians
- Academic scientists
- Industry professionals
- Diagnostic laboratory professionals
- Undergraduate & Postgraduate students
- Researchers
- business professionals
- Postdoctoral fellows and Trainees
- Cancer Diagnostics Associations and Societies.

Why to attend?

- 10+ Keynote Speaker Session
- 50+ speaker faculty over 2 full days sharing Evidence Based Nursing practice
- 5+ Workshops
- 13 Interactive sessions
- Mixture of Health care units and Academia Delegates
- Networking

PULSUS
WWW.PULSUSCONFERENCE.COM

Located on the northwestern shore of Lake Ontario, Toronto is a city that has undergone a major transformation in the second half of the twentieth century, evolving from a staid, conservative, largely Anglo-Saxon enclave to a dynamic, multiethnic metropolis that is one of North America's major cities. Throughout, it has retained an enviable degree of livability, boasting safe streets and a clean, efficient subway system amid restored Victorian houses and a renovated waterfront. Toronto's leaders have worked successfully to protect the city's heritage and its residents' quality of life from the effects of unrestrained development, even as Toronto has continued to grow into a major financial and cultural center. Double-decker bus tours of Toronto's major sites are available between the spring and autumn months. Also offered are one-hour boat tours of the city's port and its islands in Lake Ontario, as well as cruises on the 29-meter (96-foot) schooner The Challenge. Walking and bicycling tours of various Toronto neighborhoods are also available, as are helicopter tours featuring an aerial view of the city.
