Conference Highlights

- Cancer Biology
- Carcinogenesis
- Oncogenomics
- Organ Based Cancers
- Hereditary Cancers
- Cancer Epigenetics
- Cancer Metastasis
- Cancer Pharmacology
- Cancer And The Immune System
- Cancer-Genomics And Metabolomics
- Therapeutics Of Cancer
- Neuro-oncology
- Cancer Biomarkers
- Cancer Nanotechnology
- Precision Medicine And Cancer Therapy

Pulsus Group Conferences

300+ International Medical & Scientific Conferences, summits and events

Distinctive Features

- Attend and earn CE, CME & CPD credits.
- Learn about the latest developments in your field and aid your own growth.
- Meet your target audience & expand your B2B network.
- Get your research published in conference proceedings and renowned journals.
- Go live streaming on Youtube.
- Spread your knowledge. Conduct workshops, symposiums and exhibit your best products
- Call for Investors-Investors Meet

About Pulsus:

- PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.
- Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.
- Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. We want our conferences, societies, associations and the technology communities and companies who participate in them, to include, encourage, and recognize people of all races, ethnicities, genders, ages, and abilities. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Market Analysis

Cancer,a major health problem is the most killer disease of this 21st century. The most common types of cancer being lung cancer causing 1.4 million deaths per year, stomach cancer causing 740,000 deaths, liver cancer causing 700,000 deaths, colorectal cancer causing 610,000 and breast cancer causing 460,000 deaths. This proves invasive cancer to be the leading cause of death in the present century .

Previously deaths by cancer were less. Presently, the mortality rate because of cancer are increasing due to changed lifestyles and longer lifespans. Cancer mortality can be reduced if the disease is detected and treated early.Although cancer can strike any age group yet the risks of being affected by cancer increases with age,its main reason attributing to immunosenesence.The risks of prostrate cancer in ageing men is as high as 80%.

Children and middle age group individuals are highly prone to cancers like Leukemia(34%),brain tumors(23%) and lymphomas(12%). These are the most occurring types of cancer in middle aged individuals also. Breast cancer prevalent in women ranks second as a cause of cancer death in women.

About City

Edinburgh is the capital city of Scotland. Edinburgh has always been a centre of education, precisely in the fields of medicine,law,literature,the sciences and engineering. It is the largest centre of finance in UK after London. It is UK's most popular tourist destination after London because of its historical and cultural attractions, attracting millions of overseas visitors each year.Edinburgh hosts the festivals like Edinburgh International Festival and the Fringe.Fringe is the largest annual international arts festival of the world. The city is the house of famous historical heritages like Edinburgh Castle, Holyrood Palace, the churches of St. Giles, Greyfriars and Canongate, and the extensive Georgian New Town, built in the 18th century. The two towns of Edinburgh Old Town and New Town are together listed as a UNESCO World Heritage Site.
