About

PULSUS brings in a new turn on conferences by presenting the latest scientific improvements in the field of Cancer Research. PULSUS Conferences is glad to invite all the participants across the globe to attend **28th International Conference on Cancer Research and Pharmacology** Scheduled between **June 29-30, 2020** in **Paris, France**.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Cancer Research and pharmacology from around the world to participate in the upcoming Cancer Research 2020. The meeting for this year will revolve around the theme **"Conquering Cancer with the Modern Progression"** thus relaying the most cutting-edge findings in the field of Cancer Research. The two-day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts

Conference Highlights

- Track 1: Cancer Cell Biology and Genetics
- Track 2: Organ Specific Cancer
- Track 3: Radiation Oncology
- Track 4: Neuro-Oncology
- Track 5: Cancer Immunotherapy
- Track 6: Innovation and Clinical Trials
- Track 7: Cancer Imaging and Early Detection
- Track 8: Cancer Screening and Diagnosis
- Track 9: Biology of Pediatric and Young Adult Cancer
- Track 10: Radiology and Imaging Technologies
- Track 11: DNA Damage, Mutation and Cancer
- Track 12: Cancer Nanotechnology
- Track 13: Cancer Epidemiology
- Track 14: Oncology Nursing Care
- Track 15: Cancer Nanomedicine
- Track 16: Cancer Prevention Vaccines
- Track 17: Pharmacology
- Track 18: Pharmacogenomics
- Track 19: Ethnopharmacology
- Track 20: Advances in Pharmacological Research
- Track 21: Pediatrics Pharmacology
- Track 22: Pharmacognosy
- Track 23: Drug screening and Discovery
- Track 24: Medical Toxicology
- Track 25: Therapeutic Innovation in Pharmacology
- Track 26: Clinical Research and Drug Legislation

Agenda

Day 1: 29 June 2020

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Cancer Cell Biology and Genetics | Organ Specific Cancer | Radiation Oncology | Neuro-Oncology
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Cancer Immunotherapy | Innovation and Clinical Trials | Cancer Imaging and Early Detection | Cancer Screening and Diagnosis
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Biology of Pediatric and Young Adult | Cancer Radiology and Imaging Technologies | DNA Damage, Mutation and Cancer | Cancer Nanotechnology

Tentative

Day 2: 30 June 2020

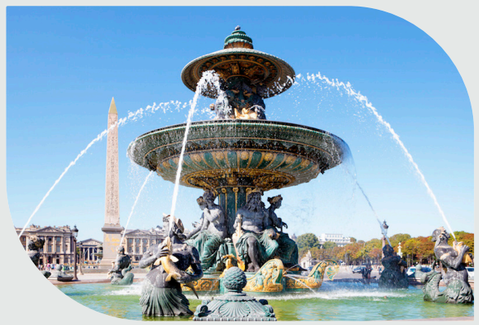

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Cancer Epidemiology | Oncology Nursing Care | Cancer Nanomedicine | Cancer Prevention Vaccines
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Pharmacology | Pharmacogenomics | Ethnopharmacology | Advances in Pharmacological Research
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Pediatrics Pharmacology Pharmacognosy | Drug screening and Discovery | Medical Toxicology | Therapeutic Innovation in Pharmacology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Day Concludes	

Tourist Attractions

Venue

Paris is France's capital city. Which is also known as the "City of Light" or the "City of Love," because of its street culture, art, beauty, and history, Paris was the most common towns among tourists. Paris is a town with an incomparable heritage of historic locations, iconic monuments and sights that captures the hearts of millions every year with 7.4 million visitors. The Captial also provides a pleasant cultural journey of 2,185 monuments, 206 museums and many other outstanding sites and has appealing Louvre Museum, Picasso Museum, Garnier Palace, Luxembourg Palace. Paris 'economy consists of high-finance, banking, and tourist luxury goods.

Paris is situated on both banks of the Seine River in northern France. Paris is centrally located in the wealthy agricultural region known as the Paris Basin, the town surrounded by beech and oak trees known as the "Paris lungs." Capital city is not just France's political and cultural capital despite the significant economic and commercial center.

Healthcare: Healthcare and emergency medical services supplied by Hôpitaux de Paris (AP-HP), a public hospital scheme and the biggest hospital system in Europe, in the town of Paris.

Climate: Paris has a typical oceanic climate in Western Europe. The general environment is mild and moderately humid throughout the year.
