Market Analysis

PULSUS
WWW.PULSUSCONFERENCE.COM

Gene therapy is an experimental technique that uses genes to treat or prevent disease. In the future, this technique may allow doctors to treat a disorder by inserting a gene into a patient's cells instead of using drugs or surgery. Researchers are testing several approaches to gene therapy, including Replacing a mutated gene that causes disease with a healthy copy of the gene Inactivating, or "knocking out," a mutated gene that is functioning improperly. Introducing a new gene into the body to help fight a disease. Although gene therapy is a promising treatment option for a number of diseases (including inherited disorders, some types of cancer, and certain viral infections), the technique remains risky and is still under study to make sure that it will be safe and effective. Gene therapy is currently being tested only for diseases that have no other cures.

About City and Venue

PULSUS
WWW.PULSUSCONFERENCE.COM

Italy is a country in south Europe and a member of the European Union. Its official name is Republican Italian. The Italian flag is green, white and red. Italy is a democratic republic and is a founding member of the European Union. Its President is Sergio Mattarella and its Prime Minister is Giuseppe Conte. Italy is also a member of the G8, as it has the eighth largest Gross Domestic Product in the world. Before 1861, it was made up of smaller kingdoms and city-states. Italy has become famous for its wine, as well as its food. Some of the most famous dishes include various types of pasta, pizza, and grapes. Olives are also incredibly common in dishes. The country's capital, Rome, is one of the most famous cities in the world, as it was the capital of the Roman Empire. Other famous cities in Italy include, Venice, Naples, Genoa, Florence, Palermo, and Milan.

It is one of the best cities to organize an international conference.

Gene Therapy Conference 2019 at Italy will certainly assure the attendees to give a wonderful experience to explore the beautiful city with gaining knowledge in the field of Gene Therapy.
