Theme: Bench Mark for All Scienctific Markers

Annual Congress on Cell Science, Stem Cell Biology & Therapeutics

NOVEMBER 16-17, 2017
Atlanta, USA

Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Atlanta is all set for an amazing event as PULSUS proudly presents the "**Annual Congress on Cell Science, Stem Cell Biology & Therapeutics**" on **November 16-17, 2017.**

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Cell Science and Stem Cell Therapy from around the world to participate in the up -and -coming Cell Science 2017. The meeting for this year will revolve around the theme "Benchmark For All Scientific Markers" thus relaying the most cutting edge findings in the field of Cell Science and Stem Cell Therapy Research.

The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach.

Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards

Alex Johnson

PULSUS is all set for an optimistic tone for the conferences to escalate medical & scientific know-how and create cognizance on the latest research findings & unfoldings in a manner that testifies not only brilliance but also transparency

Conference Highlights

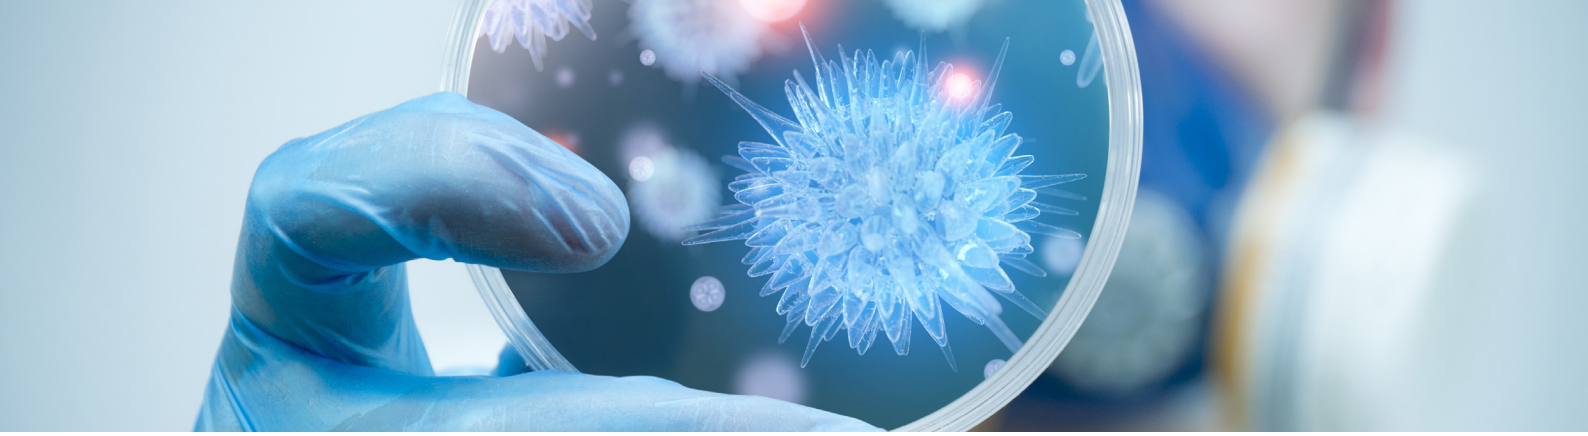

- Cell Structure,Mechanics and Motility
- Cell Biology of Vertebrates, Microbes and Parasites
- Current Research in Cell & Molecular Biology
- Nanotechnology : Stem Cells & Cancer
- Molecular and Cellular Basis of Growth and Regeneration
- Stem Cells, Self-Assembly, Tissue Growth and Regeneration
- Germline Stem Cells
- Molecular Medicine and Regenerative Medicine
- Computational Biology and Drug Designing
- Cell Signaling Technology
- Tissue Engineering
- Cell Rejuvenation and Wound Healing
- Stem Cell Therapeutics in Modern era
- Clinical Applications of Stem Cells
- Cancer Cell Biology
- Bioethical Issues in Cell and Stem Cell Biology

Pulsus Group Conferences

300+ International Medical & Scientific Conferences, summits and events

Distinctive Features

- Learn about the latest developments in your field and aid your own growth.
- Meet your target audience & expand your B2B network.
- Get your research published in conference proceedings and renowned journals.
- Go live streaming on Youtube.
- Spread your knowledge. Conduct workshops, symposiums and exhibit your best products
- Call for Investors-Investors Meet

About Pulsus:

- PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.
- Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.
- Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. We want our conferences, societies, associations and the technology communities and companies who participate in them, to include, encourage, and recognize people of all races, ethnicities, genders, ages, and abilities. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Pulsus Group Journals (www.pulsus.com)

- **30 years excellence in Medical publishing**
- **50+ journals in association with 20+ International medical and scientific societies**
- **Peer review publishing for Associations, Societies and Universities in Highly Indexed Reputed Journals**
- **Summary proceedings, custom publications and electronic publications.**

Exhibition and Sponsorship

- **An Exhibition will be held simultaneously with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new developments in the field of Microbiologys**

Additional benefits as follows:

- **Free exhibition booth for your association.**
- **Honorable guests for your presidents.**
- **Logo advertisement in the conference proceedings.**
- **Data sharing for your association.**

Pulsus *Group takes pride in getting the endorsements of prestigious societies and medical research assosiations world wide.*

Market Analysis

Cell Science Biology has emerged as a rapidly diversifying field with the potential to address the worldwide organ shortage issue and comprises of tissue regeneration and organ replacement. The global tissue engineering and regeneration market is expected to grow to nearly $20.8 billion in 2014 and $56.9 billion in 2019, a compound annual growth rate (CAGR) of 22.3%.

The global stem cell therapy market over the forecast period of 2015 to 2020.The market is poised to grow at a CAGR of 39.5% from 2012 to 2018, to reach $330 million by 2020..
