Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. London is all set for an amazing event as **PULSUS** proudly presents the “3rd International conference on Chronic Diseases” slated on **May 20-21, 2019** at **London, UK** .

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of cardiology, nephrology, neurology, osteology, hepatology, oncology, endocrinology, pulmonology, immunology, bariatrics, pharmacology, biotechnology from around the world to participate in the upcoming Chronic Diseases 2019. The meeting for this year will revolve around the theme “Prevent Diseases and Promote Health” thus relaying the most cutting edge findings in the field of Chronic Diseases. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards

- Thyroid Diseases
- Liver Diseases
- Autoimmune Diseases
- HIV/AIDS
- Depression & Mental Illness
- Stroke
- Chronic Fatigue Syndrome
- Diagnosis and Therapies
- Risk Factors

About PULSUS

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, **Pulsus** Group closely associates with the The Chronic Disease Prevention Alliance of Canada, National Association of Chronic Disease Directors, European Society for Medical Oncology, European Heart Network, European kidney health alliance, International Diabetes Federation, European COPD Coalition, European Cancer Organisation, European Respiratory Society, European Society of Cardiology, European Society of Hypertension, European Association for the Study of the Liver, European Academy of Allergy and Clinical Immunology, The American Heart Association, Heart Failure Society of America, Alliance of Cardiovascular Professionals, Society for Neuroscience

Pulsus Conferences explore the future by connecting minds and spreading brilliance at **Pulsus** Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. **Pulsus** group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. **Pulsus** Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

EB Members

Chronic diseases are long-term medical conditions that are generally progressive. Chronic diseases, such as Heart Disease, Diabetes, Stroke, Asthma, Cancer, Chronic Respiratory Diseases, Chronic Obstructive Pulmonary Disease (COPD), Diabetes Mellitus, Hypertension (High Blood Pressure), Lipid Disorders (e.g. high blood cholesterol). At present, these are the major causes of disability and death globally, representing 60% of all deaths. Chronic diseases generally cannot be prevented by vaccines or cured by medication, nor do they just disappear. Health damaging behaviors - particularly tobacco use, lack of physical activity, and poor eating habits - are major contributors to the leading chronic diseases. Chronic diseases tend to become more common with age. Adopting healthy lifestyle practices such as a healthy diet, regular physical activity, and avoiding tobacco use can prevent or control the onset of debilitating and expensive complications of chronic diseases.

Target Audience

- Doctors
- Researchers
- Healthcare Analysts
- Physicians
- Scientists and professors
- Women's health Care Researchers
- Medical Colleges
- Research faculty
- Academic Scientists
- Students
- Diagnostic laboratory professionals
- Business Entrepreneurs
- Industry professionals
- Directors/Managers/CEO's
- Presidents & Vice Presidents

- Brand Manufacturers/ Marketers of Consumer Products
- Marketing, Advertising and Promotion Agency Executives

Who should attend?

- Doctors
- Researchers
- Therapists
- Medical and Healthcare Professionals to Exchange Ideas and
- Networking at its 100+ international Conferences

Why to attend?

- 10+ Keynote Speaker Session
- 50+ speaker faculty over 2 full days sharing Evidence Based on Chronic Diseases
- 5+ Workshops
- 13 Interactive sessions
- Mixture of Health care units and Academia Delegates
- Networking

About City and Venue

London is the capital and multifarious city of England and the United Kingdom. It was founded by the Romans and situated on the River Thames in the south east of the island of Great Britain. Since the 19th century, the City of London, largely retains its 1.12-square-mile (2.9 km²) medieval boundaries, London is a leading global city in the field of arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism, and transportation accounting for 13.4% of the UK population. It is known as the largest financial centre of the world and positioned as the fifth- or sixth-largest metropolitan area GDP in the world. London is a world cultural capital. It is the world's most visited city as measured by international arrivals and has the world's largest city airport system measured by passenger traffic. London is the world's leading investment destination, hosting more international retailers and high-net-worth individuals than any other city of UK. City Attractions Being the capital of UK and the most visited place by the tourists from all over the world, A trip to the capital wouldn't be complete without seeing the modern Coca-Cola London Eye to the historic Tower of London.
