Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Zurich is all set for an amazing event as PULSUS proudly presents the "4th International Conference on Robotics and Artificial Intelligence" slated on February 20-21, 2022 at Paris, France.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Nephrology and Urology professionals from around the world to participate in the upcoming **Nephrology 2022**. The meeting for this year will revolve around the theme "**Pioneering Spirit of Enriching the Lives and Wellness of Women**" thus relaying the most cutting edge findings in the field of Nephrology and urology. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards
Nephrology 2022
Organizing Committee

Conference Highlights

- Renal Pathology-Immunology
- Urinary Track Infection
- Pediatric nephrologists
- Chronic Kidney Disorders
- Diabetic Kidney Problems
- Hereditary Kidney Disorder
- Nephrotic Syndrome
- Acute Kidney Injury (AKI)
- Kidney Biopsies
- Glomerular Diseases
- Renal Cell Carcinoma
- Congenital Nephrotic Syndrome
- Auto Immune Disorders
- Advances Renal Cell Imaging
- Renal Transplantation
- Advanced Renal Therapeutics
- Cystic Kidney Diseases
- Renal Replacement Therapy (RRT)
- Developmental Anomalies of Kidney
- Diagnostic Tests for Kidney Disease
- Cardiovascular Impacts of Kidney Diseases
- Kidney Transplant Challenges
- Clinical Nephrology

PULSUS

About PULSUS

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

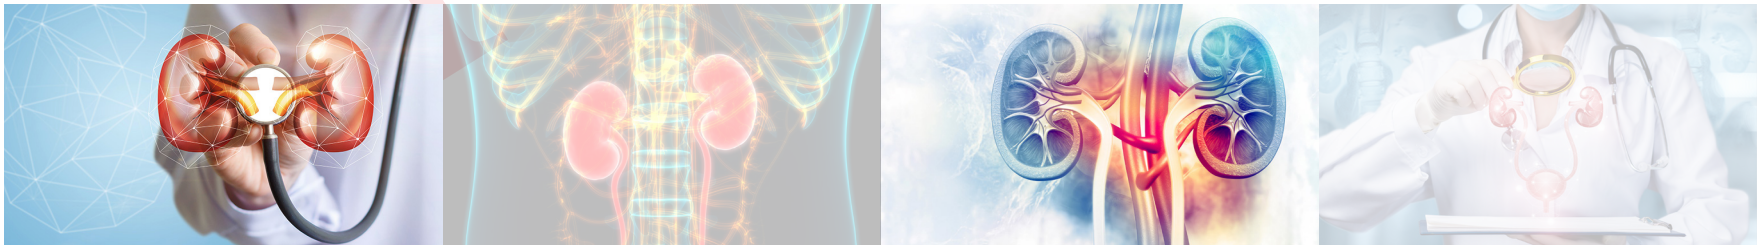

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Market Analysis

The global market for kidney disease and urology equipment was valued at US $ 4.11 billion in 2019 and is expected to reach US $ 6.45 billion in 2027, with a compound annual growth rate of 5.8% from 2020 to 2027.

The emergence of innovative technologies is one of the key factors that are expected to promote the growth of the urology and nephrology equipment market in the next few years. Suppliers are increasing RandD's efforts to introduce technologically advanced equipment. In addition, these advances will also contribute to the development of easy-to-use, lightweight, home-use high-definition machines with connectivity capabilities that can remotely monitor patients in real-time scenarios. This will ultimately help the market's growth during the forecast period. Our analysts predict that by 2023, the compound annual growth rate of the urology and nephrology device market will exceed 5%.

Impact of COVID-19:

COVID19 can affect the global economy in three main ways: directly affecting production and demand, manufacturing supply chain and market disruption, and financial impact on business and financial markets.

Impact of Covid19 on Global Market Size, Nephrology and Urology Device Industry Stocks, Consumer Behaviour, Recovery Analysis and Forecast.

Target Audience

- Nephrologists
- Urologist
- Paediatric Nephrology and Urology
- Fellows or Postdoctoral students
- Nephrology and Urology Academicians
- Students pursuing MD or PhD
- Emeritus
- Young Research Scientists
- Business Delegates

About City and Venue

PULSUS
WWW.PULSUSCONFERENCE.COM
35 YEARS IN ASSESING THE IMPACT OF HEALTHCARE RESEARCH

Rome, Italian Roma, historic city and capital of Roma provincia (province), of Lazio regione (region), and of the country of Italy. Rome is located in the central portion of the Italian peninsula, on the Tiber River about 15 miles (24 km) inland from the Tyrrhenian Sea. Once the capital of an ancient republic and empire whose armies and polity defined the Western world in antiquity and left seemingly indelible imprints thereafter, the spiritual and physical seat of the Roman Catholic Church, and the site of major pinnacles of artistic and intellectual achievement, Rome is the Eternal City, remaining today a political capital, a religious centre, and a memorial to the creative imagination of the past.

Sponsorship

PULSUS
