ABOUT VENUE

One of the seven emirates that make up the United Arab Emirates is Dubai . It is bordered in the north by Sharjah and in the south by Abu Dhabi and has the shape of a slanted rectangle. The city is the most modern and forward-thinking emirate in the United Arab Emirates. It is developing rapidly, particularly in the tourism and trade sectors, resembling an independent city-state.

Dubai has a large number of structures and buildings of various architectural styles. The Burj Khalifa, which is currently the tallest building in the world, is a great tourist destination in Dubai. Despite this, the Jeddah Tower in Jeddah, Saudi Arabia, intends to be higher.

There are many parks in Dubai, including Safa park, Mushrif park, and Hamriya park, among others. There is a distinct difference between each park. The houses in Mushrif Park come from all over the world. Each house's exterior and interior architecture can both be examined by a visitor.

Umm Suqeim Beach, Al Mamzar Beach Park, JBR Open Beach, Kite Beach, Black Palace Beach, and Royal Island Beach Club are among Dubai's most popular beaches.
