- Cosmetic Dentistry
- Cosmetic Gynecology
- Current Research & Case reports in Cosmetics
- Recent Advances in Cosmetology & Plastic Surgery

35
Years Excellence

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for Scientists and Researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between Universities, Institutions, research bodies and Organizations from different countries through International Conferences and Meetings.

Pulsus Group is an International Renowned Medical peer-review publisher and conference organizer established in the year 1984 publishes and hosts the work of Researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of more than 35 years of excellence in Medical Publishing we are endorsed by various societies like World Association of Medical Sciences, International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, International Society for Ceramics in Medicine, Thalassemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

Cosmetology is a process that enhances or alters a portion of an individual's body, or, face through incision. Cosmetic surgeries include reconstruction or reshaping of body parts, altering facial structure (maxillofacial), altering structure of jaw (craniofacial), etc. People from urban areas constitute the largest patient base for cosmetic surgeries due to increased aesthetic appeal.

TARGET AUDIENCE

- Cosmetology Devices Designers
- Cosmetology Societies
- Oncology Research Institutes
- Cosmetic Surgery
- Cosmetology
- Facial cosmetic surgery
- Cosmetic surgery and Cosmetics

ABOUT VENUE

The capital of the United Kingdom is London. It is the largest city in the United Kingdom and the hub of its economy, transportation, and culture. London is one of the oldest cities in the world, with a nearly two-millennia-old history.

One of the most international cities is London. London is a well-known tourist destination for its extensive variety of museums, stores, restaurants, and sports teams in addition to its history, art, and politics.

London is located in southeast England, about 50 miles (80 km) upstream of the river Thames' estuary on the North Sea, on both sides of the river.

The City of London served as the commercial center. This city had a large population and all the characteristics of a mediaeval city, including walls, a castle (The Tower of London), a cathedral (Saint Paul's), a city government that was somewhat independent, a port, and a bridge that allowed trade to pass over it so that Londoners could profit (London Bridge).

London, one of the most popular tourist destinations in the world, was named the most-visited city in the world in 2015 with more than 65 million visitors. It is also the top city in the world in terms of visitor cross-border spending, which was estimated at $20.23 billion in 2015. Tourism, one of London's top industries, contributed £36 billion to the city's economy in 2016 and employed 700,000 full-time workers. This city accounts for 54% of all inbound visitor spending in the UK. London was ranked as the world's top city destination in 2016 by TripAdvisor users.

There are numerous museums, galleries, and other institutions in London, many of which offer free admission, serve as important tourist destinations and conduct research. The British Museum in Bloomsbury was the first of these to be founded, in 1753.
