We are delighted to invite you all to attend the **International Conference on Data Science and Machine Learning 2020**, which will be held from **February 17-18, 2020** in **Paris, France**.

Data Science is all about the perception of unifying statics, machine learning and data analysis and their related method in order to analyse actual circumstances with data.

Data Science is a multi-disciplinary field that uses scientific processes, algorithms, methods and systems to excerpt knowledge and insights from structured and unstructured data. Data science follow the concept that explains use the most powerful programming systems, the most powerful hardware, and the most efficient algorithms to solve the problems.

International Conference on Data Science and Machine Learning welcomes Data Scientists, Data Engineers, Data Analysts, Software developers, Technical leads, Researchers, System Architects, CEOs, CTOs, CIO, Head data Scientists, Head researchers, IT Managers, Entrepreneurs, Business Analysts, Business Strategist's, Consultant from all over the world to Paris, France.

The conference will be organized around the theme "Unearthing the world of data science and Machine learning".

Through this conference data science, machine learning, deep learning, artificial intelligence and other areas in the new tech space will witness new ideas and innovations. One of the better ways to learn about the latest developments is by attending conferences. Besides helping professionals gain knowledge through hands-on workshops, this conference will also provide a platform to network with industry peers and understand the latest development in this field.

Regards

# About PULSUS

PULSUS
WWW.PULSUSCONFERENCE.COM

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

## Target Audience

- Academics
- Researchers
- Data Scientist
- Machine learning engineers
- AI engineers
- Research faculty
- Students
- Business Delegates
- Directors/Managers/CEO's
- Providers of Data Science and Machine Learning Services
- Brand Manufacturers/ Marketers of Consumer Products
- Marketing, Advertising and Promotion Agency Executives

## Who should attend

- Engineering Students, Scientists and professors
- Data scientists and Data Engineers
- Data Analysts
- Software developers
- Technical leads
- Researchers
- System Architect
- CEOS, CTOS, CIO, etc
- Head data Scientists and Head researchers
- IT Managers
- Business Entrepreneurs
- Business Analysts.

## Why to Attend?

- 10+ World renowned Keynote Speaker Session.
- 40+ Speaker faculty sharing evidence based on Robotics and Artificial Intelligence.
- 5+ Workshops.
- 19 Interactive sessions.
- Networking Opportunities.

The capital of the France is Paris, situated in the north-central part of the country. Paris is the most populous city of France. Paris is also known as the “City of Light” or the “City of Love” because of its street culture, art, beauty, and history. Paris occupies a central position in the rich agricultural region known as the Paris Basin, the city ringed with the forests of beech and oak known as “lungs of Paris”. Europe’s major centres of finance, diplomacy, commerce, fashion, science, as well as the arts are situated at Paris. The Centre of the city contain the most visited monuments in the city, including the Notre Dame Cathedral and the Louvre as well as the Sainte-Chapelle. Les Invalides, where the tomb of Napoleon is located, and the Eiffel Tower are located on the Left Bank south-west of the centre as well as Paris provides a pleasant cultural journey of 2,185 monuments, 206 museums and many other outstanding sites and has appealing Louvre Museum, Picasso Museum, Garnier Palace, Luxembourg Palace. Paris ‘ economy consists of high-finance, banking, and tourist luxury goods.

Paris is situated on both banks of the Seine River in northern France. Paris is centrally located in the wealthy agricultural region known as the Paris Basin, the town surrounded by beech and oak trees. Capital city is not just France’s political and cultural capital despite the significant economic and commercial centre.
