Collaborator

Dementia Care 2020 is approved for CEU's by the National Council of Certified Dementia Practitioner www.nccdp.org and International Council of Certified Dementia Practitioners www.iccdp.net

National Council of Certified Dementia Practitioners is open to all health care professionals, front line staff and First Responders who qualify for CDP certification and are interested in learning comprehensive dementia education, who value dementia education, who are committed to ending abuse and neglect and who value Certified Dementia Practitioner CDP certification.

The Council was formed to promote standards of excellence in dementia and Alzheimer's Disease education to professionals and other caregivers who provide services to dementia clients. As the number of dementia cases continues to increase nationally and worldwide, there is a great necessity to ensure that care givers are well trained to provide appropriate, competent, and sensitive direct care and support for the dementia patient.

About City and Venue

PULSUS
WWW.PULSUSCONFERENCE.COM

Paris, France's capital is a city of love, city of lights and an International Melting Pot. It is the most visited tourist destination in the world, with over 45 million visitors annually, it is very easy to arrive in Paris with huge expectations: of grand vistas and of budding writers in every café. Among the 2-million-strong population in Paris, around 20% are immigrants from all over the world making Paris one of the biggest multi-cultural centres in Europe. This meeting of cultures and cuisines means that Paris is always on the cutting edge in the worlds of food, art, music and fashion.

A week, a month, a year isn't long enough to uncover all of Paris' treasures. But it would be a lifetime well spent when once visited Paris. This city is populated by people, architecture, restaurants and nightlife that will seduce you and make you never want to leave.

On all levels – historical, architectural, and cultural – there is something all about Paris that will fascinate you.

"A fool is one who admires other cities without visiting Paris."

– Francesco Petrarca

Dementia Research in France: In France, more than 1,175,000 people are living with Alzheimer's disease, and more than 200,000 people are diagnosed with Alzheimer's or another dementia each year. Worldwide, at least 44 million people are living with dementia, making the disease a global health crisis that must be addressed.
