ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

Dental surgery is a process that enhances or alters a portion of an individual's face through incision.

Dental surgeries include reconstruction or reshaping of Tooth, altering facial structure (maxillofacial), altering structure of jaw (craniofacial), etc. People from urban areas constitute the largest patient base for dental surgeries due to increased aesthetic appeal.

ABOUT VENUE

The capital city of Spain, Madrid is most popular for its cultural and artistic heritage. It also has the liveliest nightlife in the world. It is a cosmopolitan city which is the main centre of business as well as the seat of the government. It is also the political centre of Spain.

Located in the centre of the Iberian Peninsula, Madrid is the largest city in Spain. With a population of over 3.3 million, the city is best known for its cosmopolitan nature. The city provides too a wide range of things to do, places to eat and it has all the facilities that a tourist needs. The city provides many conference resorts, leisure facilities and some of the best restaurants in Spain. It is also a great place for shopping, theatre, opera, museums, parks and more. The international airport of Madrid has three terminals and is the busiest airport in Spain. It is an amazing place for the children as well as there are numerous theme parks, excursions and zoos to keep them occupied. It is also a place to spend some romantic evenings in the stunning gardens and parks that provides tranquillity.

Few cities boast an artistic pedigree quite as pure as Madrid's: many art lovers return here again and again. For centuries, Spanish royals showered praise and riches upon the finest artists of the day, from home-grown talents such as Goya and Velázquez to Flemish and Italian greats. Masterpieces by these and other Spanish painters such as Picasso, Dalí and Miró now adorn the walls of the city's world-class galleries. Three in particular are giants – the Museo del Prado, Centro de Arte Reina Sofía and Museo Thyssen-Bornemisza – but in Madrid these are merely good places to start.

Madrid may lack the cachet of Paris, the monumental history of Rome, or Barcelona's reputation for Modernista masterpieces. And no, there is no equivalent of the Eiffel Tower, Colosseum or La Sagrada Família that you can point to and say 'this is Madrid'. But Madrid has nothing to be envious of. Spain's broad sweep of architectural history provides a glorious backdrop to city life, from medieval mansions and royal palaces to the unimagined angles of Spanish contemporary architecture, from the sober brickwork and slate spires of Madrid baroque to the extravagant confections of the belle époque. Put simply, this is one beautiful city..
