ABOUT VENUE

Zurich is Switzerland's centre of economic life and education. Located in the heart of Europe, the city offers all the modern amenities of a cosmopolitan metropolis, without sacrificing its natural side. Zurich has for years ranked among the world's top cities in terms of quality of life. It is a boutique city that offers everything that implies, albeit in small and exquisite format.

Zurich was already a prosperous centre of commerce in the Early Middle Ages. The 1519 Reformation gave the economy such a boost that the city rapidly became Switzerland's financial centre. This has remained unchanged to the present day and is why you'll find the Swiss National Bank in Zurich along with the world-famous Bahnhofstrasse, one of the most luxurious shopping strips around.

An economic hub, university city and boutique metropole by the water offering a high quality of life: Zurich combines the advantages of a green and modern city at the foot of the Alps with excellent infrastructure and a strong network of business, education and ambitious start-ups. The city is a centre of research, development, business formation and innovation, not to mention a great place to live.

The largest city in Switzerland, Zurich is a major contemporary art and shopping destination. Important artworks are displayed in the Kunsthaus and the Rietberg Museum, while those who consider shopping an art can hone their skills along Bahnhofstrasse and Niederdorf. Chagall's stained glass windows in the Fraumunster amaze, and Zurich's 500 clubs and bars—including several in swimming pools—pulse with life 'til the early hours. This city on Lake Zurich has excellent public transit and a free bike rental system.
