INTERNATIONAL CONFERENCE ON

EMERGENCY MEDICINE AND CRITICAL CARE

NOVEMBER 20-22, 2023 | LONDON, UK

https://emergencymedicine.cmesociety.com/

INVITATION

EMERGENCY MEDICINE 2023

Welcome to the **Emergency Medicine 2023**, a forum for the industry's top intellectuals and practitioners to exchange information and experience.

Emergency Medicine 2023 would like to invite all participants around the world to the "**International Conference on Emergency Medicine and Critical Care**" which will be held from **November 20-22, 2023** in **London, UK**.

Emergency Medicine 2023 will be organized with the theme of "**Empowering Patients and Providers: The Future of Emergency Medicine**" which will energize the healthcare professionals, and researchers in the field of emergency medicine and critical care.

By attending Emergency Medicine 2023, you will get the chance to hear instructive lectures, take part in practical workshops, and network with other attendees during the conference.

A variety of topics covered by our knowledgeable presenters, such as critical care management, resuscitation, trauma treatment, and so on as a workshops, oral presentations, and poster presentations during the conference.

In Emergency Medicine 2023, healthcare professionals from various field will come together to discuss the latest developments, methods, and best practices in emergency and critical care.

After attending this Emergency Medicine Conference 2023, we hope that you will feel motivated, energized, and equipped with the necessary information and abilities to excel in the field of emergency medicine.

Meet, interact, network, and collaborate with us at Emergency Medicine Conference 2023

Looking forward to seeing you at Emergency Medicine 2023.

Regards

Daisy Evelyn | Program Director

Emergency Medicine 2023 | Organizing Committee

CONFERENCE HIGHLIGHTS

- Emergency Medicine and Critical Care
- Intensive and Critical Care Medicine
- Trauma Management
- Cardiac Emergencies
- Respiratory Emergencies
- Infectious Diseases
- Neurological Emergencies
- Pediatric Emergencies
- Geriatric Emergencies
- Mechanical Ventilation
- Hemodynamic monitoring
- Sepsis Management
- Neurocritical Care
- Nutrition in Critical Care
- Toxicology in Critical Care
- Resuscitation in Emergency Medicine
- Acute Respiratory Failure
- Acute Cardiac Conditions
- Critical Care Nursing
- EMS and Pre-hospital Care
- Pharmacology and Therapeutics
- Pain Management
- Wound Management
- Hospital Medicine
- Quality Improvement and Patient Safety
- Renal and Metabolic Disorders
- Nutrition and Metabolism
- Burn Critical Care
- Bioterrorism and Disaster Medicine
- Ethics and End-of-Life Care
- Airway Management in Critical Care
- Obstetric and Gynaecological Emergencies
- Equipment used in Emergency Medicine and Critical Care

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

According to the report, the global emergency medical services (EMS) market size was worth US$19,200 million in 2018 and is projected to reach US$32,200 million by the end of 2025, representing a 6.8% compound annual growth rate.

In 2016, the global emergency medicine market was valued at $15.5 billion, and it was expected to reach $22.8 billion by 2022, growing at a CAGR of 6.8% from 2017 to 2022. The market was driven by the increasing demand for emergency medical services, the rising prevalence of chronic diseases, and the aging population. In 2020, the global emergency medicine market was valued at $19.6 billion, and it is expected to reach $30.6 billion by 2027, growing at a CAGR of 6.5% from 2020 to 2027.

TARGET AUDIENCE

- Emergency Physicians
- Critical Care Physicians
- Anaesthesiologists
- Paramedics and emergency medicine technicians
- Hospitalists
- Surgeons
- Rehabilitation Specialists
- Respiratory Therepists
- Medical Students and Residents
- Nurses and Other healthcare providers

WHO SHOULD ATTEND

- Emergency physicians
- Critical care specialists
- Nurses
- Pharmaceutical Industries
- Industry representative
- Researchers and academics
- Business Entrepreneurs
- Healthcare Associations
- Training Institutes
- Societies
- Medical Colleges and Universities
- Paramedics and emergency medical technicians

WHY TO ATTEND

Emergency Medicine 2023 is a great place to meet peers and experienced professionals and exchange knowledge and ideas. You can learn about cutting-edge research, methods, and best practises in emergency and critical care by attending presentations and poster sessions.

You may improve your professional growth, network with other professionals, and remain current on the most recent research and best practises by taking part in these activities.

- Opportunities for Professional Growth
- Networking
- Access to the Most Recent Research
- Awareness of new goods and technologies
- Continued Education Credits
- Build Credibility and Reputation

ABOUT VENUE

The capital of the United Kingdom, London, is a well-liked venue for conventions and other gatherings. The city offers a variety of locations that can handle gatherings of all sizes, from iconic landmarks to cutting-edge conference complexes.

Cultural Diversity: London is a multicultural city with a diversified population from all over the world. As a result, the city offers a diverse selection of cultures, languages, and cuisines. Traditional English pubs, fish and chips, Indian curry shops, Chinese dim sum, and Lebanese mezze are all available.

City of Attractions: London is home to a variety of famous attractions, including:

The British Museum: This museum houses a collection of over 8 million objects, including the Rosetta Stone and the Parthenon sculptures.

The Tower of London: This historic castle was built in the 11th century and served as a royal palace, prison, and execution site.

The London Eye: This giant ferris wheel offers panoramic views of the city from 135 meters above ground.

Buckingham Palace: This is the official residence of the British monarch and is open to the public during the summer months.

Trafalgar Square: This public square is a popular meeting place and is home to the National Gallery, which houses a collection of over 2,300 paintings from the 13th to the 19th centuries.

Currency in London: The British pound is the currency in use in London (GBP). In London, there are several options for public transit, including the underground tube, buses, overground trains, and taxis. With 11 lines that cover the majority of London's attractions and neighbourhoods, the London Underground (also known as "the Tube") is the most well-liked and effective means to get around the city.

Abstract submission opens: March 01, 2023 | **Registration opens:** March 01, 2023
Early bird registration: April 30, 2023 | **On spot registration:** November 20, 2023
