ABOUT VENUE

Switzerland's financial centre and upscale banking metropolis is Zurich. It should not be surprising that it is frequently referred to be the most expensive city in the world. Zurich is well known for its opulent lifestyles, upscale shopping, and designer chocolates. Nevertheless, despite its high cost and grandeur, it is rated as one of the greatest cities in the world to live in.

Zurich is also the largest city in Switzerland, boasting regions that are heavily urbanised and surrounded by historical and cultural areas. Additionally, it is ideally positioned. The River Limmat flows directly through it, and it is situated right on Lake Zurich. All of this is located at the base of the Swiss Alps.

Zurich benefits from being a green, contemporary city at the base of the Alps, as well as from having a strong economic, educational, and start-up community as well as great infrastructure.
