PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Rome is all set for an amazing event as PULSUS proudly presents the "6th International Conference on Food Safety" Slated on October 05-06, 2020 at Webinar.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Food Science and Nutrition care professionals from around the world to participate in the upcoming Food Safety 2020. The meeting for this year will revolve around the theme "**Scientific Insight into Global Food and Health challenges**" thus relaying the most cutting edge findings in the field of Food and Nutrition Care. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards

Market Analysis

PULSUS
WWW.PULSUSCONFERENCE.COM

Throughout the last twenty years, deals in the worldwide nutrition supplements have seen a phenomenal spike. This has empowered the new players to migrate into the business sectors with items that guarantee to be create the remedy for youth, wellbeing and essentialness. With reference to the Nutrition Business Journal report, the worldwide Nutrition and Food Supplements market remained at USD 116 billion starting from 2016. After 2 years it was around USD 128 billion all inclusive.

Current advancement and research in the field of Nutrition and Food Sciences are expected to develop and propose a novel and countless ideas and opportunities in the flourishing food science sector. Regardless a wide range of contribution for R &D expects to boom its market value towards Nutrition and Food Science. Increasing awareness among people in association with the trending pharmaceuticals and Nutraceuticals supplements made people to switch natural products from the natural source which eventually boomed the market value.

The modern and the current lifestyle improves the demand of the Nutrition supplements among every individual. The fast growth of the Nutrition products is due to the significant improvement in the aging population and due to the growing awareness among an individual for their health and wellbeing. Eventually the growing friction of internet in both developed as well as developing countries improved the self-medication trending and there is a shift towards the healthy food and beverages worldwide. The market value of Nutrition is estimated to register a CAGR of 7.5% during 2018-2023. Currently, the market value is around USD 9.7 billion and is further expected to reach USD 26 billion by 2023.

The food traceability technologies market should reach $ 17 billion by 2012 from $10.8 billion out of 2017 at a compound annual growth rate of 8.1% from 2018 to 2023 The development and enhancement of dairy market is gauge to moderate, with a CAGR of 4.1% in the vicinity of 2012 and 2019, reaching $92.4 billion out of 2023.
