About City and Venue

PULSUS
WWW.PULSUSCONFERENCE.COM

Dubai is a city in the United Arab Emirates, located within the emirate. The emirate of Dubai is located on the southeast coast of the Persian Gulf and is one of the seven emirates that make up the country. Abu Dhabi and Dubai are the only two emirates to have veto power over critical matters of national importance in the country's legislature. The city of Dubai is located on the emirate's northern coastline and heads up the Dubai-Sharjah-Ajman metropolitan area. Dubai has a fascinating history and a vibrant heritage that provides visitors an intriguing glimpse into Arabian culture. A place to start exploring the heritage and history of Dubai is the Dubai Museum: it's located inside the Al Fahidi Fort, one of the Dubai's oldest buildings dating back to 1787. Glitzy Dubai is the United Arab Emirates holiday hot spot. This city of high-rises and shopping malls has transformed itself from a desert outpost to a destination du-jour, where tourists flock for sales bargains, sunshine and family fun. Dubai is famous for sightseeing attractions such as the Burj Khalifa (the world's tallest building) and shopping malls that come complete with mammoth aquariums and indoor ski slopes. But this city has many cultural highlights and things to do as well as all the glamorous modern add-ons.
