ABOUT VENUE

London is the capital and largest city of England and the United Kingdom, with a population of just under 9 million. ... It stands on the River Thames in south.

Sovereign state: United Kingdom.

This great world city is far more than just the capital of the United Kingdom of Great Britain and Northern Ireland. London is bustling, vibrant, multicultural and cosmopolitan. London is both old and new, a place where traditional pubs rub shoulders with the newest cocktail bars. London is a cosmopolitan city and very British at the same time. A visit to London is literally like exploring the entire world since you will find communities from all parts of the world living there. Around 300 different languages are spoken in London and there are at least 14 different faiths practised in the city.

The Smoke, the Old Smoke or the Big Smoke.

The story behind the origin of the Big Smoke and the Old Smoke nicknames for London is quite sad. These nicknames date back to that period when the industrial revolution was at a peak in London
