Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought Global Healthcare 2021 destine to endeavor leading-edge memoranda of eminent universal personalities, keynote speakers, poster presentations and special sessions attracting experts in Global Healthcare. This conference is intended to bring forth enthralling concepts that will drive the field of healthcare to the next standards. We aim to offer a chance to organise a workshop in addition to insightful presentations and discussions.

The main goal of this event is to inspire and expose our participants to as much information as possible, so we make sure that it is a mix of professionals such as Healthcare, Primary Care, Hospice Care, Women's Health, Public Health, Epidemiology, Gynecologist, oncologist, paediatrician, physicians, midwives, medical assistants, nursing assistants, nutritionist, Health Care Administrator, therapists, healthcare professionals, medical secretaries and students with wide choices, knowledge, and recommendations, that will empower them; make them more informed about healthcare and help them make better decisions about Global Healthcare.

Global Healthcare 2021 is setting its scaffold in Spain to present and bring about the researchers of Healthcare under one crown by providing opportunities to Young Researchers, to socialize and meet with the experts to establish global network.

We hope you will join us in Madrid and give up some of your valuable time to share your research work and expertise in order to shape the future of Global Healthcare.

Theme: "**Tutelage in Technologies of Contraption in Healthcare**"

We are looking forward to see you at the event.

Regards
Global Healthcare 2021
Organizing Committee

Tourist Attractions

Venue

Madrid is Spain's capital and most populous city. It is the European Union's second-largest city (EU). Madrid is in the centre of both the nation and the Madrid Community, of which it is also the capital, and is situated on the Manzanares River. Madrid is the political, economic, and cultural capital of Spain, as well as the seat of government and residence of the Spanish monarch. Real Madrid and Atlético Madrid are two world-famous football clubs based in Madrid. Madrid is considered the major financial centre and leading economic hub of the Iberian Peninsula and Southern Europe due to its economic production, high standard of living, and market size. Though Madrid has modern infrastructure, many of its historic neighbourhoods and streets have retained their appearance and feel. The Plaza Mayor, the Royal Palace of Madrid, and the Royal Theatre, with its restored 1850 Opera House, are among the city's landmarks. The Prado Museum, the Reina Sofa Museum, a contemporary art museum, and the Thyssen-Bornemisza Museum, which complements the other two museums' collections. Cibeles Palace and Fountain has become one of the city's most recognisable monuments. Madrid is best visited in the autumn (September to November) or spring (March to May), when the city comes alive with warm temperatures.
