Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Paris is all set for an amazing event as PULSUS proudly presents the "**2nd World Congress on Otolaryngology -Head and Neck Surgery**" slated on A**ugust 30-31,2021 Paris, France**.

PULSUS cordially welcomes researchers, academicians, students and business professionals in the field of Otolaryngology working around the globe to participate in the upcoming "**ENT Conference 2021**". The meeting for this year will revolve around the theme "Scientific Progression and Novelty in Outolaringology" thus relaying the most cutting edge findings in the field of Rhinology and Outology. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards
ENT 2021
Organizing Committee

Day Concludes	

Tourist Attractions

Venue

Paris is the enchanting capital city of France. It is the major European city and a global centre for art, fashion, science and culture. Its 19th-century cityscape is crisscrossed by wide boulevards and the River Seine were you could truly soak up the alluring ambience of Paris. This incomparable city is filled with grandiose monuments like the Eiffel Tower, the Arc de Triomphe , Musée d'Orsay, Sainte-Chapelle, Place de la Concorde etc..

The tradition of scientific research in France can be traced way long back to the scientific revolution. Some of the world's oldest universities like Montpellier and the University of Paris known as La Sorbonne reside in Paris, France. Louis Pasteur, Marie Curie, Rene Descartes, Antoine Lavoisier, Pierre Curie are some of the well-known French scientists who played a great part in building French scientific history. From impassioned revolutionaries and extravagant royals to the world of ancient Gaul, the history of Paris is filled with drama, intrigue and excitement. Thus, it is of little surprise that this is not only one of the world's most beautiful and romantic cities, but that is also brimming with fantastic historic sites with enchanting gardens and royal monuments which are definitely going to take our breaths away.
