MARKET ANALYSIS

The Healthcare and Medicare market is a complex and rapidly evolving industry that has seen significant changes in recent years. The growth of this industry can be attributed to a number of factors, including an aging population, advances in medical technology, and an increased focus on preventive care.

The move towards value-based care, which is concentrated on enhancing patient outcomes and lowering treatment costs, is a major accomplishment of the healthcare and Medicare sectors. Government programs like the Affordable Care Act (ACA) and a stronger emphasis on patient happiness are both contributing to this.

The development of telemedicine, which enables patients to get medical care remotely by utilizing technology like video conferencing and remote monitoring equipment, is another trend in the healthcare and Medicare sectors. Due of the COVID-19 pandemic, this has grown in popularity since it enables patients to obtain medical attention while lowering their chance of contracting the virus.

Additionally, the Healthcare and Medicare industry is dealing with a number of issues, such as escalating expenses, soaring demand for healthcare services and a lack of qualified healthcare workers.

TARGET AUDIENCE

- Directors of Healthcare Association and Societies
- Doctors and Scientists
- Universities, Associations, and Societies
- Students and Research Scholars
- Dietitians and Physicians
- Pharmaceutical Industries
- Physical and Occupational therapists
- Medical technologists
- Industrial Professionals
- Business Entrepreneurs
- Medical Students

WHO SHOULD ATTEND

- Lectures by the active Investigators
- Keynote forums by Renowned Speakers
- Speaker Forum
- Poster Sessions on latest Innovation in all the relevant Areas
- Panel discussions and interactive sessions
- Open Innovation Challenges
- Poster Sessions on every career stage
- Post-Doctoral Career Development Session
- Young Research Forum
- B2B Meetings
- Global Networking with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Excellent platform to showcase the latest products in healthcare and affiliates

WHY TO ATTEND

Be the first to showcase your research, innovation and brand to gain competitive advantages. Meet your target audience and explore your product and services. Our event is designed for members of the academia and non-profit, public, and private sector members who are interested in the latest research and academic developments in the field of Engineering Presenting Your Organization's Work on a Global Platform Discuss and Overcome Issues in your Field by Expert Advice Network with Experts from the Sector Learn from Other Speakers Chairing/ Co-chairing a Session and justice poster presentation award Meeting the new People from 22+ Different Countries Increasing your Scope of Knowledge.

ABOUT VENUE

Dubai is one of the seven emirates in the UAE. Located on the Persian Gulf's southeast coast, Dubai City is one of the biggest revenue-producing Emirate. The best and largest tourist destination where thousands of people travel to spend their vacations. Additionally, it is one of the expanding regions where you can obtain employment and open a business. Numerous workers from across Asia are taking advantage of the services and amenities this city has to offer. The Dirham is tied to the AED at a rate of 3.67 to the US dollar in the UAE's currency.

It had no obvious natural appeal or advantages when it was surrounded by sand and situated on the border of the Arabian Desert about ten years ago.

However, the ruler of the UAE has now transformed it into a location with cosy villas scattered along the coastline. Sharjah in the northeast and Abu Dhabi in the south both border Dubai..
