35 YEARS IN ASSESING THE IMPACT OF HEALTHCARE RESEARCH

On behalf of Pulsus conferences, Heart Congress 2020 takes immense pleasure in welcoming all the participants from across the globe to attend "4th Global Heart Congress (Webinar)" scheduled on December 02, 2020. The Objective of the Conference is to discuss the advancements and future challenges in the field of Cardiology by the global gathering and meeting of experts from various diversities to share the knowledge by paper presentations, oral and poster presentation and by the delivery of speech & lectures or as a Delegate in the research forum. The objective and the theme of the conference is "Advancing into the Future Challenges in Cardiology".

Heart Congress 2020 is eagerly waiting in addressing all the participants, scholars, researchers and industrial experts to make the gathering more successful. The International symposiums and workshops, B2B meetings will also be organized to discuss the specific topics in the field of Cardiology.

It is the platform for all the scholars, researchers, scientist, organizations and industries to exhibit the recent advancements in the field of Cardiology. This conference provides scope and experience for all eminent participants to grab the advancements in cardiology and to expose their research work across the global network and by exploring recent trends and the researches that are on process..

Regards
Heart Congress 2020
Organizing Committee

## Conference Highlights

- Cardiology
- Heart Diseases and its types
- Interventional Cardiology
- Pediatric Cardiology
- Cardiopulmonary Resuscitation - CPR
- Cardiomyopathy
- Cardiodiabetes
- Heart and the Physical Activity
- Cardiac Nursing and Healthcare
- Hypertension
- Cardiac Arrhythmias and Heart Failure
- Heart Regeneration
- Preventive Cardiology
- Current Technologies in Cardiovascular Research
- Cardiovascular Medicine
- Diagnosis and Treatment of Heart Diseases
- Heart Surgery

PULSUS

# About PULSUS

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

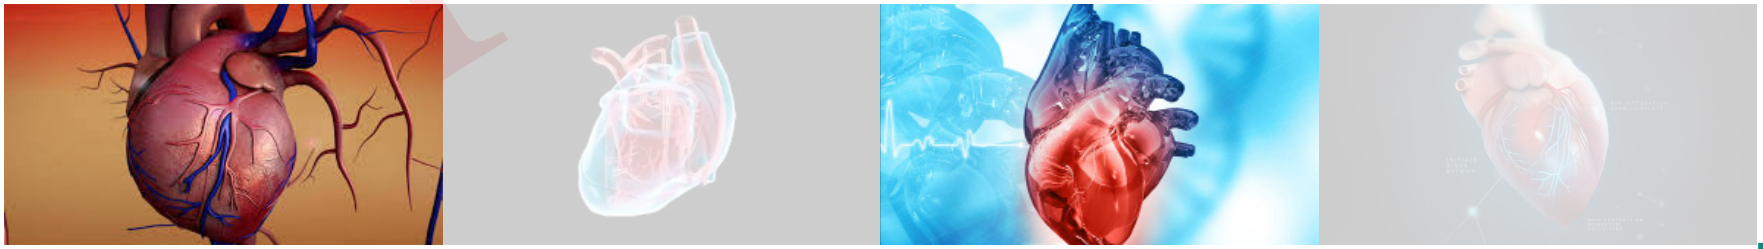

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

# Market Analysis

Cardiology is a developing branch in the field of medicine. People in this period both old and young are vulnerable to heart diseases which are mainly due to their lifestyle and unhealthy hygiene. In order to tackle these diseases and their causes, the study of Cardiology has gained high importance and significance in the course of time. Interventional cardiology is a part of cardiology that uses minimally invasive methods to correct disorders with the use of a catheter which helps doctors and patients to have the surgery done with minimal blood loss and risk. The heart and cardiological disease market, which includes various numbers of disorders like hypertension, coronary artery diseases, cardiac failure, dyslipidemia and thrombotic events, is set to grow from $129.2 billion in 2015 to $146.4 billion by the year 2022. Entresto is a combination drug, which has shown high efficiency towards then disorders in clinical trials. The drug amounts to sbout $4 500 annually per patient, the drug contributes to a very high forecast of $5.7 billion by 2022.

## Target Audience

- Cardiologists
- Cardiac Surgeons
- Scientists and Researchers
- Medicinal Practitioner
- University Professors
- Cardiology Societies and their members
- Founders and Employees of health-related companies
- Medicine and cardiology institutes
- Training Institutes
- Physicians interested in the latest advances and techniques
- Research Scholars and Students
- Pharma Companies

## Who should attend?

- Cardiology doctors
- Cardiology Students, Scientists and professors
- Cardiology Researchers
- Cardiology Faculty
- Medical Colleges
- Health care Associations and Societies
- Business Entrepreneurs
- Training Institutes
- Software developing companies

## Why to attend?

- Join us to showcase your innovative research to gain competitive benefits.
- Learning In a New Space
- To Meet Experts
- Global Networking
- New Tips & Tactics
- Rebuild Customer Base
- Certification
- Brand Establishment
