Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Frankfurt is all set for an amazing event as PULSUS proudly presents the "**International Conference on an Genetics and Genetic Disorders**" slated on March 16-17, 2020 at Frankfurt, Germany.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Stem Cells professionals from around the world to participate in the upcoming Human Genetics 2020. The meeting for this year will revolve around the theme "**Perspective towards the modern Automation in Genetics**" thus relaying the most cutting edge findings in the field of Human Genetics. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards

Human Genetics 2020

Organizing Committee

Conference Highlights

- Human Genetics
- Molecular genetics
- Medical genetics
- Population genetics
- Clinical genetics
- Gene mapping
- Genomics
- Gene mutation
- Genetic analysis of DNA structure
- Gene therapy
- Genetic disorder
- Genetic counselling
- Cytogenetic
- Chromosomal Abnormalities
- Diagnosis & prognosis of inborn disorders
- Remedy of hereditary ailments

Agenda

March 16, 2020- Monday

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Human Genetics| Molecular genetics| Medical genetics
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Population genetics| Clinical genetics| Gene mapping
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Genomics| Gene mutation| Genetic analysis of DNA structure

March 17, 2020- Tuesday

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Gene therapy| Genetic disorder| Genetic counselling
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Cytogenetic| Chromosomal Abnormalities
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Diagnosis & prognosis of inborn disorders| Remedy of hereditary ailments
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Day Concludes	

Tentative

Tourist Attractions

Venue

Frankfurt, Germany is the most international city in Germany, the largest financial centre on the continent, the historical city of coronations, the city of Goethe and the Frankfurt School… In brief, to the smallest metropolis in the world, in which there is a lot to discover at close hand. Whether this glance at the city's home page is the start of a longer, maybe even permanent, stay on the banks of the Main, or if, as a business visitor, you only have a limited amount of time available: you will find that the city has interesting offers for extensive tours of the city, cultural enjoyment and attractive shopping trips waiting for you.

Almost one in three of the people living in Frankfurt do not hold a German passport. No matter where visitors come from, they will always meet people in Frankfurt who speak their language and a restaurant that serves their favourite food. The open and hospitable atmosphere in Frankfurt stems from its centuries-old role as a trading centre. This liberal and democratic tradition of the city may be one reason for the fact that people from very diverse cultures have lived here in peace with one another for a long time. They have all contributed to making this city shine slightly differently from every angle, like a jewel shines slightly differently when you look at it from different sides.
