Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Madrid is all set for an amazing event as PULSUS proudly presents the "**2nd World Congress on COPD, Asthma and Lung Health**" slated on **October 07-08, 2019** at **Madrid, Spain**.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of COPD professionals from around the world to participate in the upcoming Lung Health 2019 . The meeting for this year will revolve around the theme "**Frontiers in Lung Health research**" thus relaying the most cutting edge findings in the field of COPD. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards
Lung Health 2019
Organizing Committee

Tourist Attractions

Venue

Madrid, the capital of Spain is situated by the River Manzanares in the center of both the country and the Community of Madrid. Madrid is the third largest city in the European Union after London and Berlin and its metropolitan area is the third largest area in European Union. Madrid holds the name of largest municipality in both the Community of Madrid and Spain which covers an area of 604.3 km2 (233.3 sq mi). Madrid's influence in politics, science, arts, environment and culture among the European Union contribute to its status as one of the world's major global cities. The Gross Domestic Product (GDP) of Madrid is the third largest in the European Union. Madrid is the 17th most safest city in the world according to the survey conducted by Monocle magazine on 2014. Though Madrid has economically developed over ages in every aspects and modernized, still they preserved their historic places and monuments which is visited by thousands everyday from all over the world.
