PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Rome is all set for an amazing event as PULSUS proudly presents the "4th International Webinar on Materials Chemistry" slated as a Virtual event on October 22-23, 2021.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Materials Chemistry professionals from around the world to participate in the upcoming Materials Chemistry 2021. The meeting for this year will revolve around the theme "**Improvising Excellence in Materials Chemistry Research Technologies**" thus relaying the most cutting edge findings in the field of materials chemistry. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Conference Highlights

- Materials Chemistry
- Electro-Chemistry Materials
- Magnetic Materials
- Optical Materials
- Photonic Materials
- Organic Materials chemistry
- Inorganic Materials Chemistry
- Nano-materials and Nano-technology
- 2D Materials Chemistry
- 3D Materials chemistry
- Biological Chemistry
- Bio-Materials and Tissue Engineering
- Novels Materials Chemistry
- Industrial Chemistry
- Instrumental Analysis techniques in Materials Chemistry
- Advanced technologies in Materials Chemistry

About PULSUS

PULSUS
WWW.PULSUSCONFERENCE.COM

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

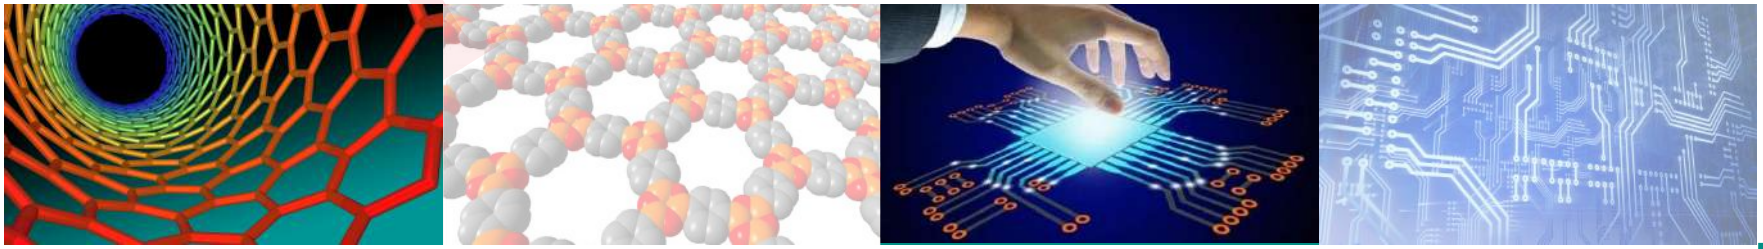

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Market Analysis

PULSUS
WWW.PULSUSCONFERENCE.COM

Building Materials Chemistry has promoted the arrival of a variety of Nano Materials, Biomaterials, Energy Materials, Ceramic and Composite materials, Surface materials, Defense and Aerospace materials through innovation in chemical development. The Summit provides a platform to present the latest innovations and research findings. All products from recycling to non-renewable, medical devices to artificial tissues, computers to cell phones, and much more are made from building materials. Material Chemistry played an important role in researching the latest materials.

Market Value on Materials: Lightweight materials are easy to grow from USD 88.5 billion in 2014 to USD 133.1 billion in 2019 in the CAGR of 8.5%. These light weight sources include the use of vehicles, the sea and wind power. Electric polymers produced to rise from USD 3.26 billion in 2016 to USD 5.12 billion by 2022 in the CAGR seven .9%. Plastics estimated to rise from USD 340.99 billion in 2016 are estimated to reach USD 493.74 billion by 2022 in the CAGR of 6%. Nanomaterial markets are expected to grow from USD 14,741.6 million in 2015 to USD 55,016 million by 2022 in the CAGR of 20.7%. Biomaterials markets have risen from USD 70.90 billion in 2016 to USD 149.17 billion by 2021 in the CAGR of 16%. 3D material markets are expected to earn USD 1,871 million by 2022 in the CAGR of 18.3%. Polymers are widely used for printing.

Target Audience

- International researchers
- Material Science Scholars
- Material Science researchers
- Academic Scholars
- Scientific practitioners
- University practitioners
- Materials Professionals
- Chemical professionals
- Scientific communities
- Scientists, Researchers
- Professors
- Engineers
- Delegates
- Students
- Business professionals
- Clinical research associates
- Laboratory Scholars
- Exhibitors
- Sponsors
- Marketing & Advertising Executives
- Media Partners
- Collaborators
- motion Agency Executives
- Software developing companies

Who should attend?

- Scientists
- Researchers
- Practitioners
- Professionals
- communities
- Professors
- Engineers
- Scholars
- Delegates
- Students
- Business professionals
- Clinical research associates

Why to attend?

- Conduct presentations, distribute information, meet with current and potential scientists, make a splash with new materials developments, and receive name recognition at this 2-day event. World-renowned speakers, the most recent techniques, developments, and the newest updates in chemistry of materials are hallmarks of this conference.
- A platform to put forth your ideologies and ensuring they worth
- Networking and Socializing with your fellow colleagues and superiors
- Collaborations, Career development, Personal interaction that leads to an optimistic future
- Breaking your comfort zone is never easy, presenting speeches directing to Self-analysis

Why Sponsor Our Event?

- Maximum exposure at a premier conference devoted to those involved in the office professional industry.
- An opportunity to build and reinforce strategic relationships within the office professional industry.
- Time to network with industry colleagues and key decision makers.
- A cost effective way to reinforce your organization's brand and build brand awareness amongst a relevant audience.
- Access to a broad network of industry partners from state and federal Government departments and the private sector.
- Time to present latest innovations and new products or services to a pertinent audience, and showcase your expertise and capabilities.
- Increased marketing opportunities including visibility on the conference website and associated marketing materials
