Invitation

We are delighted to extend an invitation to all of you to the 4th International Conference on Medicine and Surgery, which will take place in Madrid, Spain on October 04-05, 2021. The conference features around the theme "**Current medical breakthroughs and challenges encountered during surgery**". The major focus of this conference is to outreach the advancement within the field of drugs and surgery by a worldwide gathering and meeting of individuals from various diversities to share their knowledge.

Medicine Congress 2021 seeks to foster, conduct, and promote interdisciplinary medical and surgical research. Young and brilliant students, business delegates, and young research groups from all over the world will attend this meeting to encourage high-quality research with real-world applications in an environment of true international collaboration between scientists and engineers. This is a global meeting where surgeons from different medical departments present their research and share ideas with existing senior scientists in an interactive environment. They will also meet colleagues from all over the world to expand their network, strengthen management and leadership skills, and improve their analytical and research abilities. Workshops, symposia, oral lectures, poster sessions, and special discussions on a broad variety of subjects in surgery and medicine will be part of the programme.

The distinctive features of the Medicine and Surgery conference includes Keynote lectures and Plenary Talks by eminent personalities from around the world in addition to contributed papers both oral and poster presentationsRegards.

35 YEARS IN ASSESING THE IMPACT OF HEALTHCARE RESEARCH

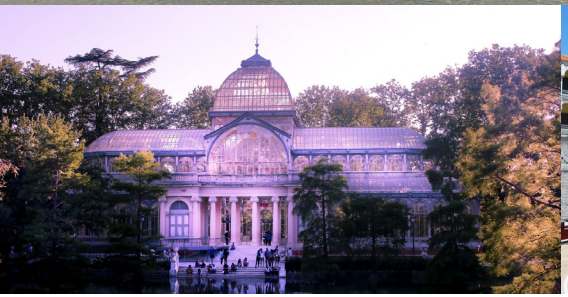

Madrid is renowned for being an accessible city of people from all over the world, and it is always joyful and lively. The streets are bustling with shops of all sorts, restaurants serving international cuisine, and unrivalled nightlife. Madrid will enchant you with its tranquil historic spots, traditional and family-run century-old bars where friends gather for a beer, diverse neighbourhoods, and cultural centres that provide an alternative form of tourism.

Prado and Reina Sofa are the world's most important museums, both located in Madrid and offering the most original paintings and sculpture, as well as architecture and nature. The stunning Royal Palace, the 400-year-old Plaza Mayor, the busy Puerta del Sol, the famous Gran Va with its stores, and Spain's four tallest towers are just a few of the iconic sights. Traditional tapas – small plates of breads, meats, fruits, potatoes, and seafood – are the best thing to try while visiting Spain.

Spring and autumn are the best times to visit Madrid, with May being the best month, and mid-September to mid-October being the best. It is home to over 15,000 trees and flora, including the 400-year-old cypress tree, which is thought to be Spain's oldest tree.

Buen Retiro Park, one of Madrid's largest public parks, is situated near Puerta de Alcala in the city's centre. The park, also known as the Palacio de Cristal del Retiro, was built in the late nineteenth century and is dotted with Gothic-style structures and beautiful museums such as the Prado Museum.

It is hospitable and complex. Madrid is undeniably one of Europe's most fascinating towns. So take a short tour of Madrid, explore the beautiful city, and join us at the medicine congress in 2021.
