Dubai, the most populated city in the United Arab Emirates (UAE) and also the capital Emirates of Dubai, has grown to become a cosmopolitan metropolis with a focus on its tourism and hospitality from the start of the 18th century. Dubai is one of the most famous tourists destinations. Standing tall at the eastern part of the Arabian Peninsula on the coast of the Persian Gulf, Dubai aims to be the business hub of Western Asia. It is also a transport hub for cargo and passengers. The city has the largest oil transportation which helped in the major development of the city.

Expo 2020 is a World Expo, which is currently hosted by Dubai from October 2021 to March 2022. Dubai has many famous landmarks that have been a prime destination for tourists all around the globe. The Burj Khalifa, located in Dubai, attracts several tourists and is a sight to see after sundown. Dubai also features several other interesting and beautiful landmarks such as Palm Jumeirah, the Dubai Fountain, Dubai Marina Beach, and many more.

Dubai is the hub of tourism in modern days. The city displays a wide range of beautiful infrastructure that will put you in an awe of the place. Dubai attracts tourists mainly based on shopping. However, the city possesses tall and ancient attractions that will surely be worth seeing.
