2nd Annual Congress on

Microbiology and Microbiologists

October 07-08, 2019 at Madrid, Spain

Microbiology 2019

Invitation

With a legacy of 30 years of excellence in Publishing and with the support of various societies, Pulsus Group is currently organizing Microbiology 2019. The fundamental aim of this International convention is to bring together leading academic Scientists, Researchers and Industrialists to exchange ideas, experiences and research results in their ongoing project.

Microbiology 2019 welcomes attendees, presenters, and exhibitors from all over the world We are delighted to invite you all to attend and register for the "**2nd Annual Congress on Microbiology and Microbiologists**" which is going to be held during **October 7-8, 2019** in **Madrid, Spain**.

Microbiology 2019 has been designed in an interdisciplinary manner with a multitude of tracks to choose from every segment and provides you with a unique opportunity to meet up with peers from both industry and academia and establish a scientific network between them. We cordially invite all concerned people to come to join us at our event and make it successful by your participation.

Theme: **Exploring the world of microbes**

Keynote Speaker

Prof. Dr. Wafaa Kamal Taia

Alexandria University, Egypt

Talk on:
Air contamination by pollen grains and fungal spores in Allergy

Sessions

Title: Air contamination by pollen grains and fungal spores in Allergy
Wafaa Taia, Alexandria University, Egypt

Title: Minimal Inhibitory and Mutant Prevention Concentrations of Enrofloxacin for Rabbit Entero-Pathogenic Escherichia coli (REPEC)
Antonella Schiavone, University of Bari, Italy

Title: Characterization Of Carbapenem Resistant Gram Negative Bacteria and Clinical Epidemiology
Pooja Sahai, Medica Superspecialty hospital, India

Title: Virostatic potential of peptide-coated Iron oxide nanoparticles based Antiviral activity against H1N1 influenza A virus
Rishikesh Kumar, Virology/Biomedical unit RMRIMS(ICMR), India

Title: The human skin bacteria Staphylococcus epidermidis fermentation end product ameliorates UVB-induced ROS generation through production of free electron transfer
Arun Balasubramaniam, Taiwan

Title: Continuous application of different fertilizers induced distinct bulk and rhizosphere soil protist communities
Sai Guo, Nanjing Agriculture University, China

Title: Evaluation of microbial load of beef of Arsi cattle in Adama town, Oromia, Ethiopia
Arse Gebeyehu, Jimma University, Ethopia

Title: Isolation, identification and drug susceptibility profile of microorganisms from routine samples of patient
Ikram Ullah, Pakistan

Title: Aetiology and clinical profile of acute bacterial meningitis in children <12 year admitted at a tertiary care hospital in north India
Jyotsna Agarwal, RML institute of Medical Sciences, India

Title: Immunotherapy effects on Enterococcus faecalis (A Microflora Bacteria) Virulence genes in Prostate Cancer Patients
Tayebe Talebzadeh, Islamic Azad University, Iran

Title: Functional analysis of the FeoABC iron uptake system of E. coli
Salem AL-Aidy, University of Reading, United Kingdom

Title: Extended-spectrum-β-lactamase (ESBL)-producing Escherichia coli isolates detected in food-producing animals: A Korean-nationwide monitoring program (2017- 2018).
Young Ah Kim, National Health Insurance Service Ilsan Hospital, Korea (South)

Title: Typing of Salmonella species Prevalent Among Children Having Diarrhoea in Parts of North-Western Nigeria
Ignatius Mzungu, Federal University, Nigeria

Important Dates

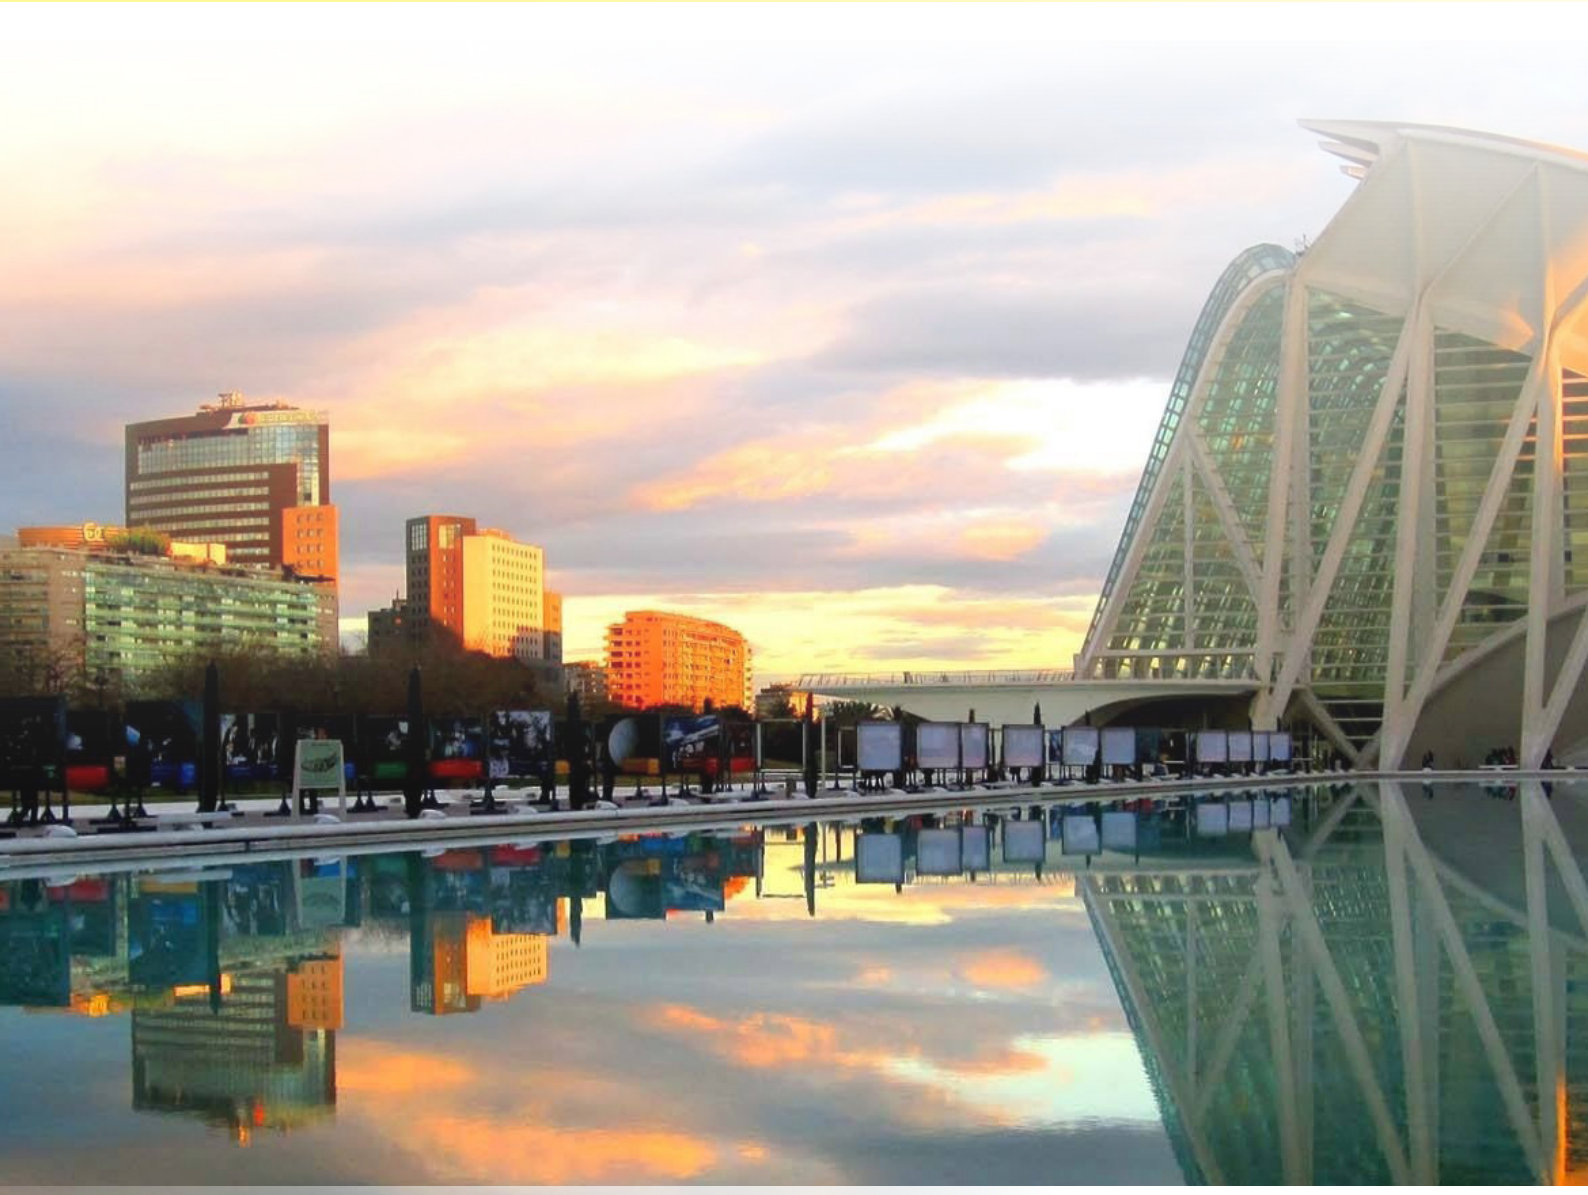

Early bird date: **September 09, 2019**

On-spot registration: **October 07 - 08, 2019**

Speaker slots registration starts at **$299**

Abstract submission: **https://microbiology.cmesociety.com/abstract-submission**

Registration: **https://microbiology.cmesociety.com/registration**
