35 YEARS IN ASSESING THE IMPACT OF HEALTHCARE RESEARCH

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

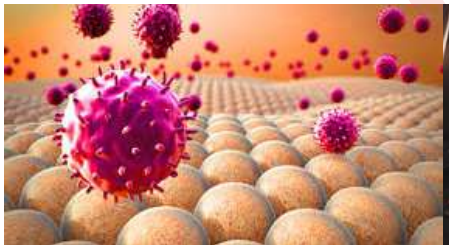

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

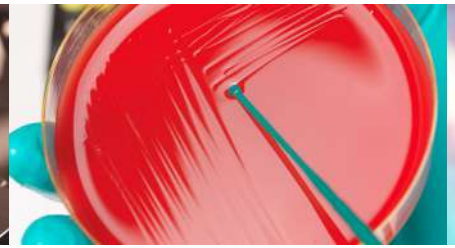

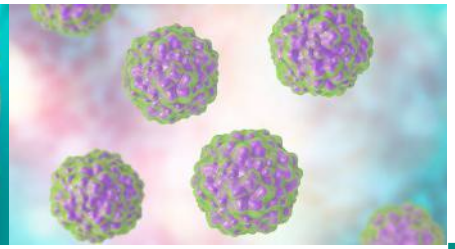

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Target Spectators

- Directors & CEOs
- Research Scholars
- Industrialists
- Toxicology and microbiology leagues and associations
- Toxicology Specialists
- Scientists from Pharmaceutical Companies, microbiology and Pharmacology collaborations
- Pharmacists, Genetic and Pathology Professionals
- Pharmacology Experts
- Production Companies and Enterprises
- Nobel laureates in clinical and pharmaceutical fields
- Supply Chain organizations
- Pharmaceutical researchists
- Forensic Experts
- Academics from Microbiological, virological, Toxicology institutions

Who should attend?

1. Bacteriologists
2. Immunologists
3. Mycologists
4. Nematologists
5. Phycologists
6. Biologists

why to attend

Microbiology congress 2022 is an international platform for presenting research about diagnosis, prevention and management and exchanging ideas about it and thus contributes to the dissemination of knowledge in Microbiology & Immunology for the benefit of both the academia and business. The organizing committee of this Microbiology 2022 is gearing up for an exciting and informative conference program including pleanry lectures, symposia, workshops on a variety of topics, poster presentations and various programs for participants from all over the world.

35 YEARS IN ASSESING THE IMPACT OF HEALTHCARE RESEARCH

Rome is a city and special comune (named “Roma Capitale”) in Italy. Rome is the capital of Italy and also of the Province of Rome and of the region of Lazio. With 2.9 million residents in 1,285.3 km2, it is also the country’s largest and most populated comune and fourth-most populous city in the European Union by population within city limits. The urban area of Rome extends beyond the administrative city limits with a population of around 3.8 million. Between 3.2 and 4.2 million people live in Rome’s metropolitan area. It was the capital of the Roman Kingdom, the Roman Republic and the Roman Empire. It has been the seat of the Papacy since the 1st Century AD and subsequently the capital of the Papal States until the unification of Italy in 1870. Rome then became the capital of the Kingdom of Italy, and after the abolitionof the monarchy in 1946, it became the capital of the Italian Republic. The city is located in the central-western portion of the Italian Peninsula, within Lazio (Latium), along the shores of the Tiber river. . Each Patrician headed a group of Clients who supported him, worked for him and if necessary, fought for him. The rest of society were categorised as Pleblians or Plebs who were the common people.Rome is the most popular site in Italy for visitors, the 3rd most visited city in Europe and the 11th most visited city in the world. The historic centre of Rome is a Unesco World Heritage Site and around 4 million visitors a year flock to the Italian capital to experience some of the most historic and cultural sites in the world, including: The Colosseum, the Roman Forum, the Pantheon, the Castel Sant’ Angelo, St Peter’s Square and Saint Peter’s Basilica in the Vatican, the Trevi Fountain, the Spanish Square, the Altar of the Fatherland and the Fountain of Four Rivers created by Bernini. Rome is truly one of the great cities of the world. Rich in history, beauty and culture, it has been an inspiration to countless generations of visitors. Even now, after nearly three thousand years, its appeal and charm are as strong as ever..
