ABOUT VENUE

UAE consists of seven emirates, Dubai being one of them. Dubai City is one of the most prosperous emirates, and it is situated on the southeast coast of the Persian Gulf. The best and biggest vacation spot, visited by tens of thousands of people. It is one of the growing areas, making it possible for you to find job there and start a business.

In the United Arab Emirates, the megacity and emirate of Dubai are well-known for its upmarket shopping, slice-edge structures, and vibrant escapism. The 830m-altitudinous Burj Khalifa palace dominates the skyline of towers. Dubai Fountain, with its musically synchronized spurts and lights, is located at its base. Atlantis, The Palm is a resort with submarine and marine beast premises located on artificial islets near the coast.

The ideal months to visit this emirate are seen to be November to February, when the weather is spectacular and there is a bustle of activity going on, from the Dubai Shopping and Food Festivals to the Dubai World Cup.

The official currency in Dubai is Dhiram, also known as DH or Dhs. Yet, the majority of its locations take US Dollar.
