About

On behalf of Pulsus, Nanoscience 2021 welcomes all the eminent researchers and students round the globe to be the member of "**3rd World Congress on Nanoscience**" scheduled on **October 15-16, 2021** at **Zurich, Switzerland**. The main objective of the congress is to succeed in the advancement within the field of Nanoscience and Nanotechnnology by the worldwide gathering and meeting of peoples from various diversities to share the knowledge through oral presentations, poster presentation and by the delivery of speech & lectures or as a delegate within the research forum.

Nanoscience 2021 is a world gathering that unites all the innovators to glaze the whole field of Nanoscience and Nanotechnology and to experience the application of nanotechnology in modern days. it's the worldwide platform for all scholars, researchers, scientists, organizations, and industries to converse concerning the present developments, recent advances, new approaches, and future approaches and postoperative management for further advancements. The event comprises the varied aspects of nanoscience and with a replacement emerging new technologies with applied technologies of nanomaterials, molecular nanotechnology, and Tissue engineering in day to day practice are comprised within the conference.

Nanoscience congress is eagerly waiting in addressing all the participants, scholars, researchers, and industrial expects to form the gathering more successful. The International symposiums, B2B meetings, International workshops also will be organized to debate the precise topics within the field of arthroplasty.

Conference Highlights

- Molecular nanotechnology
- Nanomaterials
- Nano engineering
- Nanomedicine
- Nano physics
- Nanoparticles
- Nanobiotechnology
- Food and Nanotechnology
- Green Nanotechnology
- Nanoelectronics
- Polymer Nanoscience
- Nanotoxicology
- Nanochemistry
- Nano Robotics
- Nanometrology
- Nanotechnology risk and safety assessment

Agenda

Day 1: October 15 - 2021

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Nano Robotics | Nanometrology | Nanotechnology risk and safety assessment
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Polymer Nanoscience | Nanotoxicology | Nanochemistry
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Food and Nanotechnology | Green Nanotechnology | Nanoelectronics

Tentative

Day 2: October 16 - 2021

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Molecular nanotechnology | Nanomaterials | Nano engineering
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Nanomedicine | Nano physics | Nanoparticles
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Nanobiotechnology | Food and Nanotechnology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Day Concludes	
Award Ceremony	

Tourist Attractions

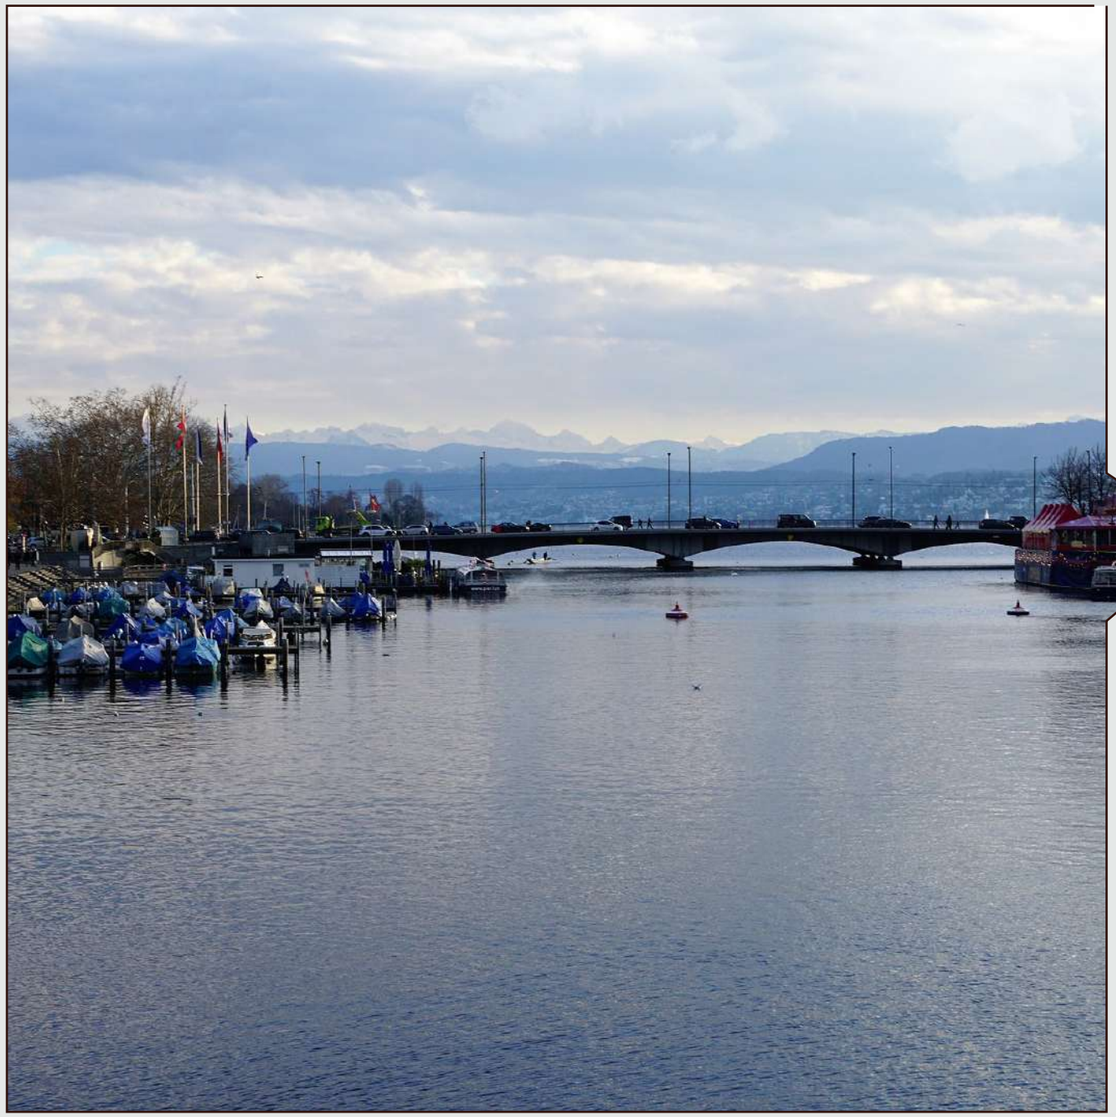

Venue

The 3rd world congress on Nanoscience is scheduled in the place where nanoscience get flourished by the invention of STM. Zurich is a cosmopolitan city by the water they have more lakes and rivers to see the beauty of nature that combines creative urban life with nature in all its glory. And if you're after relaxation, you can be in the Swiss mountains in less than an hour. Switzerland is famous for its historic castle even Zurich have such castles all over the city. They are veritable cosmopolitans and love sophisticated delicacies from across the globe. All the city's culinary offerings of sliced beef have a very great audience and a lot more besides it can be sampled by the way at the annual FOOD ZURICH festival. Not only food and tourism the academician also get indulge in the Creativity are also in abundance thanks to one of the biggest universities in Europe devoted to the Arts Zurich University of the Arts (ZHdK) and other establishments such as the Kunsthaus Zürich, Haus Konstruktiv and Museum für Gestaltung ensure the worth for knowledge of the place.

Hosted by PULSUS
