7TH INTERNATIONAL CONFERENCE ON

NANOSCIENCE

JUNE 28-30, 2023 | LONDON, UK

https://nanoscience.pulsusconference.com/

INVITATION

NANOSCIENCE 2023

We are delighted to welcome you all to our forthcoming Nanoscience 2023, the "7th International Conference on Nanoscience", which will take place in London, UK on June 28- 30, 2022. The Organizing Committee of Nanoscience 2023 is delighted to extend an invitation to our recognized Nanoscience Conference 2023 to each of you. We are dedicated to offering people the most recent information on the Nanotechnology and Nanomaterials industry. The Nanoscience 2023 are supposed to be a forum, a platform for networking, and a place for academics, researchers, professionals, administrators, educational leaders, and representatives from business and industry. We are anticipating your significant involvement in the Nanoscience 2023, where we will present cutting-edge findings in Nanomaterials and Nanotechnology. The theme of the Nanoscience 2023 is "Era of modern spectrum prospects in Nanoscience," which encompasses the background, present circumstances, and future forecasts of Nanomaterials and Nanotechnology. In scheduled sets of keynote sessions, plenary presentations, special sessions, Exhibitions and workshops that address major components of research, case studies, and education. We will go into further detail on these subjects at Nanoscience 2023. Nanomaterials, Nanotechnology, Nanoscience, Biomaterials, Material Science, Nanophysics, Nanorobotics, Nanomedicine, and Nano chemistry are wide range of topics covered during the Nanoscience 2023. We are glad to welcome aspiring authors to submit their original works to this significant event- Nanoscience 2023, where you can be guaranteed to interact meaningfully with academics and specialists from other cultures and nations in the field of Nanomaterials and Nanotechnology.

The organizing committee is eager to meet you in London, UK..

Regards
Nancy Wheeler | Nanoscience 2023
Organizing Committee

CONFERENCE HIGHLIGHTS

- Nanoscience
- Nanomaterials and Nanotechnology
- Nanomedicine
- Nanoelectronics and Nanophotonics
- Nanorobotics
- Nanobiotechnology
- Nanosensors
- Nanotoxicology Risk and Safety Management
- Nanoelectronics and Nanophotonics
- Nanobiotechnology
- Nanofluidics
- Nanoscience on Metallurgy
- Nanoscience on Crystal Engineering
- Nanoscience on Polymers
- Nano Graphene
- Soft Nanomaterials
- Application of Nanoscience

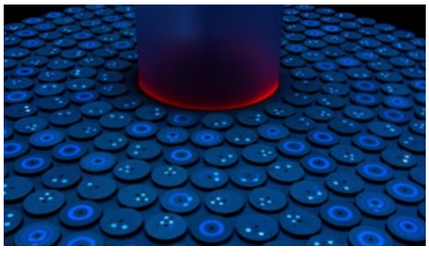

35

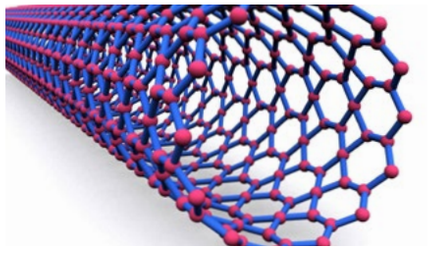

ABOUT US

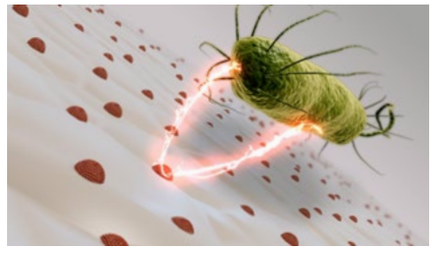

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

Nanoscience has provided the greatest motivation to technological and industrial advancement in the twenty-first century, and it is expected to have a massive effect on several sectors of the global economy, including nanomaterials, nanotools, and nanotechnologies, as evidenced by double-digit productivity growth. The global Nanotechnology market is anticipated to reach a value of US$ 348.96 billion by 2031. The United Kingdom is a well-known region in the worldwide nanotechnology business. The UK is one of the top locations for the development of this technology, since it is home to multiple world-renowned academic research institutes as well as market-leading nanotechnology enterprises. During the forecast timeframe, biomedical, commercial, and electronics applications should have the greatest anticipated CAGR rates (i.e., 33.6%, 28.7%, and 22.4 percent, respectively).

TARGET AUDIENCE

- Nanoscience and Nanotechnology Researchers
- Nanoscience and Nanotechnology Specialists
- Nanomaterials and Nanotechnology Engineers
- Advanced materials and technology Engineers
- Nanomaterials Young Scholars and Students
- Nanotechnology Associations and Societies
- Nanomaterials Associations and Societies
- Business delegates
- Related Universities
- Company's in the field of Nanomaterials and Nanotechnology

WHO SHOULD ATTEND

- Nanoscience Scientists
- Nanotechnology Engineers
- Nanomaterials Companies
- Nanotechnology Companies
- Nanotechnology Associations
- Professors, Nanoscience Young Scholars and Students
- Business delegates
- Industrial Leaders and CEO
- Nanotechnology Associations and Societies
- Physicists/Chemists
- Researchers from Material Science Polymer Science, Biotechnology

WHY TO ATTEND

With Nanoscience 2023, oral presentations, posters, seminars, and numerous interactive sessions offered by keynote speakers who shed light on the topic of Nanomaterials and Nanotechnology are all included. In order to develop the field of Nanomaterials and Materials Science, this conference is focused on showcasing the most cutting-edge methods of advanced techniques and technology. Our mission is to provide an excellent curriculum that covers the whole range of research and advances in Nanomaterials and Nanotechnology and shares the cross-cultural experiences of diverse technology and techniques.

- Influential keynote speaker session
- 5+ Workshops
- 19 Interactive sessions based on evidence from 30+ Speaker
- Accepted Abstracts will be published in reputed indexed journals
- A mix of academic and healthcare delegations
- Acknowledgment to your profile and research and it will be visible to 35K researchers across the globe

WHY SPONSOR OUR EVENT?

Maximum exposure at a premier conference devoted to those involved in the office professional industry.

An opportunity to build and reinforce strategic relationships within the office professional industry.

Time to network with industry colleagues and key decision makers.

A cost effective way to reinforce your organization's brand and build brand awareness amongst a relevant audience.

Access to a broad network of industry partners from state and federal Government departments and the private sector.

Time to present latest innovations and new products or services to a pertinent audience, and showcase your expertise and capabilities.

Increased marketing opportunities including visibility on the conference website and associated marketing materials

DIAMOND SPONSOR
$10000

- Top billing logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Three corporate sponsored workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Four complimentary registrations.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

GOLD SPONSOR
$7500

- Logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Two corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Three complimentary congress registrations.
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

SILVER SPONSOR
$5000

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- Two complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

BRONZE SPONSOR
$3500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

EXHIBITION SPONSOR
$2500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Half Page A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 25% discount on both Extra Delegate Registrations and Booth

EDITORIAL BOARD MEMBERS

Muhammad Atif
King Saud University, Saudi Arabia

Ehsan Espid
University of British Columbia, Canada

Alex Hariz
University of South Australia, South Australia

Terry M. Tritt
Clemson University, US

Yang Yang
Engineering University of Central Florida, USA

Daniela Manno
University of Salento, Italy

SUPORTING JOURNALS

Selected contributions will be published in following supporting international Journals:

Journal of Nanoscience and Nanomedicine
https://www.pulsus.com/journal-nanoscience-nanomedicine.html

Journal of Materials Engineering and Applications
https://www.pulsus.com/journal-material-science-engineering-applications.html

CONFERENCE AGENDA/ TENTATIVE PROGRAM

JUNE 28, 2023- WEDNESDAY	
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Nanoscience
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Nanomaterials and Nanotechnology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Nanomedicine
JUNE 29, 2023- THURSDAY	
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Nanoelectronics and Nanophotonics
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Nanorobotics
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Nanobiotechnology | Nanosensors
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Nanofluidics | Nanoscience on Metallurgy
JUNE 30, 2023- FRIDAY	
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Nanoscience on Crystal Engineering | Nanoscience on Polymers
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Nano Graphene | Soft Nanomaterials
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Application of Nanoscience | Nanotoxicology Risk and Safety Management
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations

The city of London is the capital and largest city of Britain. It is located on the south side of the country on the Thames, with a population of about 8.4 million, of whom 2.7 million live in inner London neighbourhoods. Its total population in all its suburbs is approximately 15,010,295 inhabitants, according to the 2012 estimates. This is Europe's largest city by population and one of the most important cultural, political and economic centres in Europe. It has a large number of famous theatres, universities, museums, educational institutes and cultural centres around the world. Tourism in London is suitable for all ages, young and old as well as all nationalities, where there are restaurants serving traditional meals from all over the world, often these restaurants in public parks. It is the modern city as well. It possesses the elegant and stylish features in Mayfair, Hampstead, Knightsbridge, and Chelsea. It also provides the distinct features in Shoreditch, Camden, and Dalston. Moreover, its vast business and the educational center provides the professionals and artists with too many opportunities. London is based on many cultures. It is stated as the multi-cultural city, and that's the main reason for me for liking this city. Anyone can learn different cultures from here. Anyone can make friendships and relationships here. Transportation is very easy in London. You can reach anywhere you want within time as the bus facility never stops and the bus comes on exact time. This bus system has 8,500 buses with more than 700 routes. It's one of the best transportation systems in the world. Moreover, London's metro system is the ancient and second biggest system in the world. It operates 270 stations. About three million travellers travel every day from an underground metro system. Weather of the city is cold. It possesses a moderate climate. It is one of the things that most people like about London. It's a rainy city of England. Usually, summers are warm and occasionally hot. The winter season here is cool and moist. You can see snowfall also which can create a disturbance while traveling. In London, autumn and spring seasons are pleasant and enjoyable.

Abstract submission opens: December 20, 2022 | **Registration opens:** December 20, 2022
Early bird registration: February 15, 2023 | **Final call:** June 28, 2023
