Day 1 : June 18, 2018

Berlin

08:30 - 09:30	Registrations
09:30 - 10:00	Opening Ceremony

Keynote Forum

Introduction

10:00 - 10:40	Title: Effects of cooking process on the chemical composition and functional properties of sweet potato Elvira Gaspar, New University of Lisbon, Portugal
10:40 - 11:20	Title: Relevance of ethnomedicine with special reference to Kerala state, India Radhakrishnan Krishnan Nair, State Medicinal Plants Board, India

Refreshments and Networking Break 11:20-11:40 @Le Foyer

Sessions: Separation and Purification of Natural Compounds | Natural compounds for Various Diseases Ethnobotany | Chemistry of Natural Compounds

11:40 - 12:05	Title: Seaweed: A promising natural source of multifunctional molecule for therapeutic applications Gaurav Rajauria, UCD, UK
12:05-12:30	Title: Anti-arthritic activity of Boswellia serrata extract in complete freund's adjuvant induced arthritis Anil Kumar Saksena, King George's Medical University, India
12:30 - 12:55	Title: Can you pronounce it? Natural compounds in daily life are better alternatives to synthetic ones Diana Marie Dummer, Natural Product Industry, USA

Lunch Break 12:55 - 13:55 @Food and More

Sessions: Importance of Natural Compounds in Medicine | Role of natural compounds in drug discovery | New Technology in Natural Compounds

13:55 - 14:20	Title: Developing and Marketing Botanical Drugs in the United States Christina Marrongelli, Strategic Business Development pharma, USA
14:20 - 14:45	Title: Cannabis medicine enters an era of legitimacy Deanna Callahan, Root Essential, USA
14:45 - 15:10	Title: Thrilling Structural Elucidation of Natural Products from the Tropical Plants Dieudonne T. Tshitenge, Julius Maximilians University, Germany

Refreshments and Networking Break 15:10-15:30 @Le Foyer

15:30 - 15:55 | Title: Role of natural compounds in drug discovery

Ahmed M. Mustafa, University of Zagazig, Egypt

15:55 - 16:20 | Title: Evaluation of antioxidant and antidiabetic activity of Punica granatum flower

Mohd Mujeeb, Jamia Hamdard School of Pharmaceutical Education and Research, India

Day 2: June 19, 2018

Hall: Berlin

Keynote Forum

Sessions: Bioprospecting of Medicinal Plants | Separation and Purification of Natural Compounds

09:30 - 10:10 | Title: Antioxidant and in vitro cytotoxic activities of bioactive compounds isolated from pittosporum eugenioides

Manal Mortady, Theodor Bilharz Research Institute, Egypt

10:10 - 10:50 | Title: Practical Considerations in Product Commercialization Using Natural Cannabinoids

Nial DeMena, Manna Molecular Science, USA

Refreshments and Networking Break 10:50 -11:10 @Le Foyer

Workshops

Sessions: Psychoactive Compounds from Plants | Herbal Pharmacology | Pharmacology of Natural Compounds

11:10 - 11:50 | Title: Biological effects to organic extract of Mesembryanthemum crystallinum belonging to theazioacea family

Achir Mariam, Hassan II University, Morocco

Sessions: Natural compounds for Various Diseases | Clinical Pharmacology | Pharmacology and Therapeutics

11:50 - 12:30 | Title: Anti-microbial effect of Zanthoxylum zanthoxyloides leaf extracts on selected oral pathogens

Alex Boye, University of Cape Coast, Ghana

12:30 - 12:50 | Title: Efficacy of Curcuma longa extract on inflammatory biomarkers and anti-oxidant enzyme levels in Osteoarthritis of knee

Shobhit Srivastava, ERA University, India

Lunch Break 12:55-13:55 @Food and More

13:50 - 14:30

Title: The Bliss System: The ABC's of Endocannabinoids, Phytocannabinoids, Cannabis and Chocolate!

Diana Marie, Natural Products Industry, USA

Poster Presentation (14:30 - 15:30)

Poster Judges: TBC

WCPCN_001

Title: Anti-parasitic activity of malaysian fern

Ping Chin Lee, Universiti Malaysia Sabah, Malaysia

WCPCN_002

Title: Development and biochemical activity of Gymnema sylvestre leaf extract-loaded nonionic surfactant-based niosomes

Tinku Gupta, Plant Botechnology Lab, India

WCPCN_003

Title: The biological activity of Conocarpus erectus extracts and their applications as cytotoxic agents

Manal Hamed, Theodor Bilharz Research Institute, Egypt

WCPCN_004

Title: Hypoglycaemic effect and possible mechanisms of action of Abrus precatorius leaf extract in stz/nicotinamide - induced hyperglycaemic rats

Alex Boye, University of Cape Coast, Ghana

Award and Closing Ceremony

B2B Meetings & Panel Discussions
