About Pulsus

PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. We want our conferences, societies, associations and the technology communities and companies who participate in them, to include, encourage, and recognize people of all races, ethnicities, genders, ages, and abilities. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Market Analysis

Reducing and eliminating racial and ethnic disparities in infant mortality in London, UK. According to State of the World's Mothers reports 2013, every year, 287.000 women die during pregnancy or childbirth, and 6.9 million children die before reaching their fifth birthday. Almost all these deaths occur in developing countries where mothers, children and new-borns lack access to basic health services.

Nevertheless, racial and geographic disparities in Neonatal mortality and adverse birth outcomes persist. In order to reduce the mortality rate this conference is going to be held at London.

Neonatal 2019 provides the best opportunity to meet eminent scientists from all over the world. Accepted papers will be published in the following Pulses Group Journals.

- Journal of Pediatric Health Care and Medicine
- Clinics in Mother and Child Health
- Archives of Medicine
- Health Science Journal

About City

London is a fabulous city which is wrapped up in history with art and culture. Being the largest city in the UK, serves as home to more than 8.6 million people. London has protracted, developed and accessible modes of transportation. London Underground (Tube), Buses, Docklands Light Rail, Overground Trains help in moving the people of the city. The city's climate is influenced by oceans, hence it is cold and humid.

London being in the top of everyone's bucket list, ranks first in the most visited cities of United Kingdom. The most popular tourist icons of the city are the 150 year old Big Ben Clock Tower, Tower bridge, British museum, London Eye, Buckingham Palace, , Tower of London, Trafalgar Square, St. Paul's Cathedral, Palace of Westminster, Westminster Abbey. The ambience and aura of the city is still not replaceable.

"London is like a smoky pearl set in a circle of emeralds"

-WILLIAM HENRY RIDEING

It is stated that, by now there are over 850,000 people in UK with dementia and the numbers are expected to rise to one million in 2025.It is also reported that around 45000 people below the age of 65 are suffering from dementia. In order to address this issue the global meeting is being organized in this venue, such that it would be appropriate to discuss.
